OVERVIEW

IN AN LLC

Crafted by the esteemed Permare Group, the Amer 92' stands as a testament to exceptional craftsmanship, representing the pinnacle of the innovative Sanremo shipyard. For the discerning owner who values both performance and aesthetics, "Kisses" is a bespoke yacht that promises an extraordinary yachting adventure for its owners and their guests. The interiors, personally curated by the owner, transport you to a realm of elegance, with each space showcasing its own distinct color scheme, complemented by exquisite artwork.

Constructed in 2009, the 92' Amer Gruppo Permare was meticulously engineered for outstanding performance and remarkable seaworthiness. Its hull features a monoedric, planing V-bottom design, which, combined with advanced gyro stabilizers, ensures a smooth ride and superior handling. The Amer 92' is equipped with a plethora of cutting-edge technologies, with careful consideration given to the materials used during the lamination process to enhance the fiberglass's rigidity and reduce the vessel's overall weight.

Thoughtful design and insulation further minimize noise and vibrations, ensuring a serene experience both underway and at anchor.

The saloon is expansive, boasting a uniquely crafted interior that accommodates a large gathering with the finest materials and decor. The galley is spacious, modern, and exceptionally well-equipped, conveniently located across from the dining area, with a partition that can be closed for complete privacy.

"Kisses" features a full-beam, mid-ship Master Stateroom that surpasses many yachts in its class. A standout aspect of the Master Stateroom is its dual access doors, providing an added layer of privacy for the owners. The yacht also includes twin VIP staterooms, each offering identical amenities for guest comfort, along with a third guest stateroom featuring twin beds.

The 92' Amer Gruppo Permare boasts several outstanding outdoor deck spaces, in addition to a well-lit main salon and separate dining area with easy access to the chef's galley. The open flybridge and upper helm allow the Captain to enjoy the company of guests, with seating arranged around tables, sofas, and sunpads. Entertaining on this deck is effortless, thanks to a wet bar equipped with refrigeration, a grill, and a sink.

Crew quarters are situated at the front of the yacht, ensuring privacy from the guest areas. This space includes a private head and two staterooms, accommodating up to three crew members.

Permare Group is a distinguished Italian yacht builder known for its commitment to crafting fully custom yachts and mega yachts across various sizes. The 92' Amer was constructed using the finest materials and design principles to ensure optimal quality and performance. Founded in the 1970s by the passionate Fernando Amerio, the Permare Group continues to uphold its legacy.

This remarkable vessel is currently available for viewing in Marina Del Rey, CA. All reasonable offers will be considered. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies luxury and sophistication.
