OVERVIEW

The FERRETTI CUSTOM LINE NAVETTA 28 is an opulent tri-level motor yacht spanning 28.31 meters, masterfully designed by Zuccon International Project with naval architecture by the Ferretti Engineering Department. This stunning CUSTOM LINE NAVETTA 28, built in 2015, is now open for viewings. She offers the grandeur and sophistication of a Superyacht, which is impressive given her length is below the 24m load-line threshold, freeing her from full Class regulations. With a maximum speed of 14 knots and a remarkable cruising range of 1400 nautical miles at 10 knots, she is driven by twin 1200 Hp MAN diesel engines that are carefully maintained and have minimal operating hours.

The FERRETTI CUSTOM LINE NAVETTA 28 is distinguished by its unique exterior design and a panoramic dining area with circular glass sliding doors, offering exceptional adaptability for the upper deck. The sundeck provides ample sunbathing space with an awning. On the main deck, a continuous window extends from stern to bow, while below deck, there are four innovative hull windows in the guest cabins, featuring "invisible" portholes seamlessly integrated into the glass.

A standout feature is the Dual Mode Transom (DMT), a patented innovation by Ferretti Group that combines a floodable garage, a diving platform, and a spacious Beach Club, the largest in its class. Upon entering the salon, guests are welcomed by a thoughtfully designed open space. To starboard, you will find the galley, while moving towards the bow leads to the owner's master stateroom, which includes a spacious bathroom and a walk-in wardrobe. This yacht can comfortably host up to 11 guests in 5 luxurious en-suite cabins, along with 5 crew members in 3 additional cabins with separate access.

Below decks, there are 4 guest cabins, 3 of which have double beds, and one twin cabin with a Pullman bed, all featuring en-suite facilities. The FERRETTI

CUSTOM LINE NAVETTA 28 for sale is fully equipped with a cutting-edge A/V entertainment system and includes zero-speed stabilizers for maximum comfort, whether underway or at anchor.
