OVERVIEW

Posillipo, a legendary name synonymous with Italian yachting elegance, began its journey in 1942 with its first wooden boats, gaining global recognition through the Technema series, the most cherished flybridges across the Mediterranean. In 2000, Rizzardi took over the Posillipo shipyard, and since then, Rizzardi's own design team has been crafting its innovative designs.

The latest Technema 90 marks a new era for the brand, blending the line's signature elements with modern flair.

In the 2024 refurbishment, a third generator was added, and the yacht's exterior received a complete repaint. The engine power was boosted to 2400 horsepower, ensuring superior performance. The flybridge was tailored to the royal family's specifications, and the interiors boast exquisite solid mahogany finishes, showcasing unparalleled quality and sophistication.

Previously owned by royalty, this yacht incorporates many features from the upper 95 model, making it a unique opportunity for those looking to buy a yacht. Explore yacht sales in the current boat location and seize the chance to own this exceptional vessel.
