OVERVIEW

2017 Viking 92 Enclosed Bridge "Aussie Rules"

The Viking 92 stands as the flagship of the renowned Viking Yacht Company, epitomizing cutting-edge technology and superior craftsmanship. "Aussie Rules" offers a versatile experience, functioning as both a premier fishing vessel and a luxurious motor yacht. With its sleek design, remarkable performance, and fishing capabilities comparable to a large sportfisher, it also provides the opulence, spacious living quarters, and extensive entertainment spaces typical of a grand motor yacht. The innovative hull design, redundant systems, generous fuel capacity, and premium equipment ensure you can embark on long voyages with complete comfort and autonomy. "Aussie Rules" boasts several exceptional upgrades that will enhance your yachting and sportfishing experiences.

Key Features:

Newly installed Seakeeper 40 as of June 2024, with warranty coverage extending until June 2026 and options for additional protection

Advanced Furuno Omni Sonar system

Extended warranty on the upgraded MTU Series 2000 M96L 2635 MHP engine package

Increased fuel capacity for longer voyages

UMT VX-2200 Davit featuring hydraulic lift and rotating telescoping boom

New ice chipper installed in 2022

Water maker and Spot Zero filtration system

Palm Beach Tuna Tower complemented by a comprehensive Atlantic Marine electronics suite

Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies both luxury and performance. Your dream of

unforgettable maritime adventures awaits!

DETAILED DESCRIPTION

Interior

The interior of this yacht is a true testament to luxury and design, showcasing a satin-finished walnut that radiates timeless sophistication. The bespoke décor is carefully curated to foster an inviting and elegant ambiance.

Throughout the vessel, satin and brushed nickel fixtures contribute a modern and refined touch. The layout is expertly planned to feature seven staterooms and eight heads, providing generous space and privacy for guests, along with a dedicated crew area and a practical day head. Custom Ultraleather enhancements are seamlessly incorporated throughout, boosting both comfort and style. Furthermore, the custom Cambria flooring options add a distinctive and opulent element, elevating the overall aesthetic to new heights. This yacht's interior exemplifies exceptional craftsmanship and meticulous attention to detail, delivering an unmatched experience on the water.

Salon

The salon of this yacht seamlessly combines comfort with elegance, crafted to meet every desire of its guests. Central to the salon is a U-shaped sofa in the Dewberry style, providing generous seating and ingeniously incorporating storage beneath. Custom sconces lend an air of sophistication, while OceanAire Skyview privacy blinds maintain a tranquil and secluded environment. The day head is a design marvel, boasting custom Amtico flooring, satin-finished fixtures, and a mirrored wall that amplifies the sense of space and opulence. Automatic doors in the salon allow for effortless entry, and a large Hi/Lo TV paired with a home theater system offers endless entertainment options. The lighting is carefully curated with indirect features and dimmers, enabling you to create the ideal ambiance. For those who love to

entertain, the wet bar comes with a sink and ice maker, simplifying the serving of drinks. Furthermore, internal steps provide easy access to the enclosed bridge, ensuring convenience throughout the yacht. This salon exemplifies the ideal fusion of style, practicality, and luxury.

Galley and dinette

The galley and dinette area of this yacht seamlessly combines elegance with functionality, catering to both gourmet cooks and those who enjoy exquisite dining experiences. The galley boasts custom flooring and countertops, enhanced by a tailored backsplash that infuses the space with sophistication. The L-shaped dinette is thoughtfully designed with bench seating and chairs, creating a cozy and welcoming spot for dining. A strategically positioned cabinet between the salon sofa and dinette provides extra storage and utility. Outfitted with premium appliances, the galley includes a convection microwave oven, SubZero refrigeration and freezer drawers, and a four-burner cooktop. A sink equipped with a garbage disposal and a trash compactor ensures that cooking and cleaning are both smooth and efficient. The area is bathed in LED lighting with dimmers and indirect options, allowing you to set the ideal mood. Additionally, a pantry room with a mattress and custom storage solutions adds convenience and adaptability. Blinds offer privacy and control over natural light, making this area as practical as it is stunning.

Companionway

The companionway of this yacht is crafted with a focus on both practicality and ease, acting as the main corridor that connects all staterooms. This carefully designed space ensures that every section of the yacht is within easy reach, improving the overall flow and accessibility. Within the companionway, there is a dedicated laundry room fitted with a stacked washer and dryer, providing

maximum convenience for long journeys. Furthermore, the companionway includes large bilge access, facilitating straightforward maintenance and inspection, which is essential for the yacht's efficient operation. This well-thought-out design ensures that the companionway is more than just a passageway; it is a crucial element of the yacht's infrastructure, enhancing a seamless and enjoyable experience on board.

Master stateroom

The master stateroom of this yacht is a haven of opulence and relaxation, crafted to offer an unmatched escape on the water. Extending across the full width of the yacht, this spacious area includes a king-size berth with a custom mattress, delivering ultimate comfort and featuring additional storage beneath. A generous walk-in closet provides plenty of room for wardrobe necessities, keeping everything neatly arranged. Hull side windows bathe the room in natural light and present breathtaking views, enhancing the tranquil atmosphere. For added peace of mind, a safe is discreetly incorporated into the stateroom. The room is elegantly decorated with pleated Roman shades and motorized blinds, allowing for easy control of light and privacy. Custom sconces add a touch of sophistication, while a large TV and speakers offer entertainment at your convenience. The lighting is carefully curated with indirect options and dimmers, enabling you to set the ideal mood. A vanity/desk area provides a flexible space for work or personal grooming, and a cozy seating area invites relaxation. This master stateroom exemplifies exquisite design and meticulous attention to detail, ensuring a luxurious and restful experience.

Master stateroom heads

The master stateroom heads on this yacht exemplify opulence and meticulous

design, featuring a full beam layout with distinct his and her facilities. These private areas are linked by a spacious walk-through shower, offering both practicality and grace. Mirrored ceilings contribute a layer of sophistication and give the impression of increased space. Custom flooring and countertops elevate the visual appeal, while bespoke tiles in the shower introduce a distinctive and chic element. Generous linen storage ensures all necessities are neatly arranged and within easy reach. Furthermore, medicine cabinets offer convenient storage for personal items. These master stateroom heads are crafted to deliver a spa-like experience, merging functionality with premium finishes to create an environment of true luxury.

Forward VIP stateroom

The forward VIP stateroom on this yacht is a sanctuary of comfort and sophistication, crafted to offer guests a luxurious escape. Central to the room is a queen berth positioned along the centerline, complete with storage beneath to accommodate personal items. The stateroom is thoughtfully outfitted with a storage cabinet and drawers, providing extra space for organization. A private head enhances convenience and privacy for guests. Entertainment is easily accessible with a TV, allowing guests to relax in style. The hanging locker offers a practical solution for clothing storage, maintaining a tidy and organized space. Custom sconces add a layer of elegance, enriching the room's atmosphere. An overhead hatch not only floods the space with natural light but also provides ventilation, ensuring a fresh and airy environment. This forward VIP stateroom is meticulously designed to deliver a perfect balance of functionality and luxury, making it an ideal retreat for guests.

Forward VIP stateroom head

The forward VIP stateroom head is an elegant and well-equipped area, crafted to provide guests with both opulence and practicality. The mirrored ceiling adds a layer of sophistication and enhances the sense of space, elevating the overall atmosphere. Custom flooring and countertops enhance the refined look, seamlessly merging style with functionality. A medicine cabinet provides handy storage for personal items, ensuring essentials are always easily accessible. The spacious walk-in shower is a highlight, delivering a spa-like experience with plenty of room for relaxation. This forward VIP stateroom head is meticulously designed to offer an ideal mix of comfort and luxury, ensuring guests enjoy a truly lavish experience.

Starboard VIP stateroom

The starboard VIP stateroom is an exquisitely crafted area that merges opulence with functionality, ensuring guests experience a comfortable and stylish stay. Central to the room is a walk-around queen berth, complete with storage beneath, offering ample space for personal items. The stateroom features hanging lockers and drawer storage, providing plenty of room to keep clothing and other belongings neatly organized. A mirrored headboard adds a layer of sophistication and enhances the room's spacious feel. Custom sconces deliver ambient lighting, creating a warm and welcoming atmosphere. Nightstands with additional storage further boost the room's practicality, ensuring everything guests might need is within easy reach. This starboard VIP stateroom is thoughtfully designed to offer an ideal mix of style and convenience, making it a perfect retreat for guests.

Starboard VIP stateroom head

The starboard VIP stateroom head is an opulent and precisely crafted area, offering guests an ideal mix of sophistication and utility. The mirrored ceiling adds an elegant touch, enhancing the room's sense of openness and brightness. Custom flooring and countertops enhance the refined look, seamlessly blending style with functionality. A medicine cabinet provides convenient storage for personal items, ensuring essentials are always easily accessible. The spacious walk-in shower is a highlight, offering a spa-like experience with plenty of room for relaxation. This starboard VIP stateroom head is designed to provide a luxurious and indulgent experience, ensuring guests enjoy both comfort and elegance during their stay.

Port aft stateroom

The port aft stateroom is an exquisitely designed area that merges luxury with thoughtful craftsmanship, ensuring guests enjoy a comfortable and stylish stay. The mirrored ceiling adds a layer of sophistication, enhancing the room's sense of openness and brightness. Custom flooring and countertops elevate the refined look, seamlessly integrating style with functionality. A medicine cabinet offers convenient storage for personal items, ensuring essentials are always easily accessible. The spacious walk-in shower is a highlight, providing a spa-like experience with plenty of room for relaxation. This port aft stateroom is meticulously crafted to offer both comfort and luxury, making it an ideal retreat for guests seeking a premium experience on the water.

Crew stateroom and quarters

The crew stateroom and quarters are expertly crafted to offer a comfortable and efficient living environment for the crew, ensuring they have all the

essentials for smooth operation and relaxation. With separate access through the mezzanine, this area provides both privacy and convenience. The quarters also offer direct entry to the engine room, simplifying maintenance and operations. Inside, the stateroom includes upper and lower berths, with the upper berth designed to fold away, optimizing space when not in use. Strategically placed reading lights enhance comfort and convenience. A TV is available for entertainment, while ample storage solutions keep personal items neatly organized. The addition of a combo washer/dryer unit, microwave, and refrigerator enhances the space's self-sufficiency, allowing the crew to manage their needs independently. This crew stateroom and quarters are designed to perfectly balance practicality and comfort, supporting the crew in their vital roles on board.

Crew stateroom head

The crew stateroom head is thoughtfully designed to combine functionality with elegance, offering a comfortable and efficient area for the crew. The brushed aluminum fixtures introduce a modern and sleek element, enhancing the overall aesthetic appeal. Custom flooring and countertops add to the sophisticated look, ensuring both durability and easy upkeep. A medicine cabinet provides practical storage for personal items, keeping essentials neatly organized and easily accessible. The walk-in separate shower is a highlight, offering a spacious and private space for the crew to refresh and rejuvenate. This crew stateroom head is meticulously crafted to balance practicality with a hint of luxury, ensuring the crew enjoys a pleasant and convenient experience on board.

Enclosed flybridge and main helm

The enclosed flybridge and main helm of this yacht exemplify cutting-edge

design and luxurious comfort, providing an unmatched experience for both steering and relaxation. The floating-style helm is outfitted with comprehensive AME electronics, ensuring top-tier navigation and control. A custom sofa setup, featuring an extended sofa and strategically positioned TV, creates an ideal environment for relaxation and entertainment. The helm area is enhanced with upgraded Stidd helm and companion bench seating, delivering exceptional comfort for both the captain and guests. A watermaker remote control adds convenience, while the custom Amtico flooring in the helm area adds a touch of elegance and durability. The Dewberry sofa, with storage beneath, optimizes space efficiency. The dual radar mast ensures complete situational awareness, while the faux painted interior door seamlessly integrates with the yacht's interior design. A cocktail table offers a convenient spot for refreshments, and SubZero refrigeration drawers provide ample storage for drinks and snacks. The TV on a lift mechanism allows for optimal viewing angles and can be discreetly hidden when not in use. This enclosed flybridge and main helm are meticulously designed to offer both functionality and luxury, making it an ideal space for both navigation and leisure.

Enclosed flybridge aft deck

The enclosed flybridge aft deck is a brilliantly crafted area that merges practicality with relaxation, offering an ideal environment for both unwinding and engaging with the sea. The aft-facing mezzanine seating provides a cozy spot for guests to take in the views and socialize, while the aft helm station allows for smooth control and navigation from this elevated vantage point. A dual row custom rod rocket launcher is thoughtfully incorporated, appealing to fishing enthusiasts with its efficient and practical design. The teak helm pod adds a touch of timeless elegance, enhancing the deck's overall aesthetic. Outfitted with two Garmin units installed in 2022, the aft deck helm area

features the latest technology, ensuring accurate navigation and monitoring. This enclosed flybridge aft deck is meticulously designed to deliver a perfect combination of style, comfort, and functionality, making it an outstanding space for both leisure and adventure on the water.

Cockpit and aft mezzanine deck

The cockpit and aft mezzanine deck of this yacht are expertly crafted to provide a remarkable fusion of practicality and luxury, appealing to both passionate anglers and those in search of leisurely comfort. In 2023, the refrigeration systems underwent significant upgrades, ensuring peak performance and efficiency. The transom livewell features custom removable tuna tubes, supported by a variable speed Pentair pump dedicated to the bait systems, making it a fisherman's paradise. The seating arrangements on the mezzanine and motor yacht style seating offer plenty of room for relaxation and socializing, while a stainless staircase provides easy access to the upper aft deck.

For those who relish the excitement of the catch, the Trillion Series fighting chair is a standout feature, set against the backdrop of elegant teak decks. The starboard side mezzanine box contains refrigeration storage and a livewell, ensuring everything needed for a successful fishing trip is within easy reach. Outlets under the coamings add convenience, while a canvas shade over the cockpit mezzanine seating offers relief from the sun. Entertainment is readily available with a fold-down TV on the aft deck, and a grill is on hand for outdoor cooking.

Tackle drawers provide organized storage for fishing gear, and the self-bailing design with large scuppers ensures the deck remains dry and safe. Fresh and saltwater washdowns are available for easy cleaning. This cockpit and aft mezzanine deck are meticulously designed to offer both functionality and luxury, making it an ideal space for both fishing enthusiasts and those seeking

relaxation on the water.

Hull and deck

The hull and deck of this yacht are meticulously crafted to boost both performance and safety, ensuring an exceptional experience on the water. An additional fuel tank has been incorporated to maximize fuel capacity, enabling longer journeys without frequent refueling. The UMT VX-2200 davit, featuring a hydraulic lift and rotating telescopic boom, offers remarkable versatility for managing tenders and other equipment. Sliding fender tracks beneath the rub rail provide extra protection and convenience during docking.

A painted black window mask gives the yacht a sleek, modern look, while extended handrails along the brow enhance safety for those moving around the deck. The custom stainless-steel full-length bow rail not only adds to the yacht's elegant appearance but also provides extra security. All new transducers were installed in 2022, ensuring the latest in navigational technology. The hydraulic bow thruster offers precise maneuverability, making docking and tight navigation effortless.

The yacht is equipped with a Manson anchor and windlass, ensuring reliable anchoring capabilities. A freshwater washdown in the anchor locker facilitates easy maintenance and cleanliness. This hull and deck are expertly designed to offer a perfect combination of style, functionality, and safety, making it an ideal choice for those seeking both adventure and luxury on the water.

Engine room and mechanical

The engine room and mechanical systems of this yacht are expertly crafted to guarantee top-tier performance, reliability, and ease of maintenance. Central to this configuration is the upgraded MTU Series 2000 M96L engine package, delivering 2635 MHP and protected by an extended warranty until September

17, 2025, or 3,600 hours, whichever comes first, with the option for additional coverage. The MTU Dynamic Positioning System, featuring a joystick, offers precise heading and GPS hold capabilities, enhancing maneuverability and control.

In 2022, a new ice chipper was added, complementing the upgraded 55 kW generators that provide robust power support. The Headhunter freshwater pump ensures a dependable water supply, while two toolboxes offer ample storage for maintenance tools. The yacht is equipped with a water maker and a fuel polishing system, ensuring clean water and fuel for extended journeys. The Willy Vac and Spot Zero unit further enhance the yacht's self-sufficiency and cleanliness.

The Headhunter head system and two 4-ton chilled water air-conditioning systems ensure comfort and convenience for everyone on board. The Delta T engine room ventilation system guarantees optimal airflow, maintaining a cool and efficient environment. The ASEA Power Systems shore power converter can receive single-phase 50Hz and 60Hz connections, supplying clean power to the yacht. Additionally, Glendinning Cable Masters facilitate easy shore power management. This engine room and mechanical setup exemplifies advanced engineering, designed to deliver outstanding performance and reliability on the water.

Custom Atlantic Marine Electronics Package

The custom Atlantic Marine Electronics package on this yacht is an all-encompassing suite of cutting-edge technology designed to elevate navigation, communication, and entertainment on board. Central to this package is the Furuno CSH8L full color scanning sonar, offering unmatched underwater visibility. The Garmin GPSMAP 7612 in the tower and the Garmin GPSMAP8530 black box system guarantee precise navigation, while the Furuno NavNet 3D DRS25A 25kW 96nm radar provides exceptional range and clarity.

Four KEP displays deliver clear and detailed information, complemented by the Furuno FCV1900 sounder and the Garmin GSD-26 CHIRP video sounder module, which work in harmony with the Airmar PM275LHW 1kW transducer for superior depth and fish detection capabilities. The Furuno RD33 data organizer and display, along with the autopilot, simplify navigation tasks, while the Icom IC-M604 black VHF radio and Furuno FA50 AIS black box ensure reliable communication.

For security and monitoring, the GOST mini ball cameras and GOST tracking system offer peace of mind, while the FLIR M625L dual payload thermal/low light camera enhances visibility in challenging conditions. The spotlight Carlisle & Finch 200W Xenon mounted on a standing platform ensures powerful illumination. The KVH TracPhone V3-IP and KVH TracVision HD7 SAT TV provide seamless communication and entertainment options, supported by a video distribution system and URC remotes for the salon, master, enclosed bridge, and all staterooms.

The Fusion audio system paired with JL speakers delivers outstanding sound quality, while Lumishore underwater lights create a captivating ambiance for the yacht's exterior. This custom electronics package is meticulously crafted to offer a perfect blend of functionality, safety, and luxury, ensuring an unparalleled experience on the water.

Custom Palm Beach Towers tuna tower

The custom Palm Beach Towers tuna tower on this yacht is a masterpiece of engineering and design, crafted to enhance both functionality and aesthetics. Featuring hydraulic outriggers and a brushed pipe with an 11-foot gap, this tower is built for serious fishing enthusiasts. The center ladder provides easy access to the molded standing platform, which includes a coupler box for added utility. The tower is equipped with a molded LED spreader light pod with a stainless steel bezel on the aft platform, and a molded 3-in-1 LED spreader

light pod on the forward platform, complete with a center opening for a hailer speaker and two outboard LED spreader lights.

The molded control box, measuring 73 inches, is flush-mounted with a compass and features recessed electronics boxes with lids, all painted in satin black for a sleek finish. The tower sunshade, molded with an 84-inch ring and internal tracks, includes welded antenna mounts and a satin black painted frame. Additional features include a stern light molded into the bridge overhang, a 5-mile masthead light on the tower sunshade, and an LED anchor light under the control box.

The tower is equipped with a Rupp center rigger and a three-sided bridge rail with a double aft 1-1/2" pipe. Polished rod holders are welded to the rail in the PBT style, and a welded corner seat with a cushion is mounted to the aft rail. The MTU controls feature a top mount MTU Blue Vision System for the M96 Series with electronic steering, and navigation lights are molded into the platform. A trim tab switch is conveniently located on the control box.

Welded corner seats with cushions are mounted under the belly ring, and the belly band is upgraded to a wrapped Rybo style. Flag staffs are positioned under each side platform perimeter rail, and a fresh water outlet is available in the tower. The Miya Epoch Super US9 HDR electric teaser reels come with remotes, and Rupp stainless steel grommets are mounted in the cockpit gunnels with jam cleats. The control box also includes a bow thruster control, and recessed tri-color lights are installed in both the platform and the tower sunshade. This custom tuna tower is meticulously designed to provide an exceptional fishing and boating experience, combining advanced technology with elegant design.

Exclusions

The exclusions for this yacht cover a variety of personal and decorative items that will not be part of the sale. The Hells Bay tender, renowned for its

outstanding performance and craftsmanship, is excluded from the transaction. Additionally, all framed artwork and décor accessories that personalize the yacht's interior will be removed. The salon cocktail tables and the free-standing dinette chairs, which enhance the yacht's elegant atmosphere, are also not included. The white sofa in the salon, a focal point of comfort and style, will not be part of the sale.

Moreover, all personal belongings of the owner and crew, such as clothing, personal effects, and other items, will remain with them. Safety equipment like the life raft and EPIRB, vital for emergencies, are not included in the sale. All fishing gear and tackle, essential for the yacht's fishing functionality, will also be excluded. For those seeking a detailed understanding of the exclusions, a comprehensive list can be provided upon request.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
