OVERVIEW

2019 AMER YACHTS 94 — Italian Luxury Motor Yacht

Handcrafted in Italy and introduced as a 2019 model, this 94-foot AMER YACHTS creation captures the spirit of a contemporary Mediterranean superyacht. Her streamlined silhouette conceals generous internal volume made possible by a 20-foot beam, while a shallow 6.07-foot draft grants access to intimate harbors and secluded island anchorages with effortless confidence. Conceived inside and out by AMER YACHTS, the exterior's sculptural Italian lines are matched by refined, modern interiors that feel both polished and warmly inviting.

Built on a lightweight fiberglass/GRP composite platform, she achieves a graceful balance of agility and comfort, delivering hushed, efficient passages and dependable seakeeping. Twin Volvo Penta diesel engines provide assured acceleration, a comfortable 22-knot cruising pace and thrilling top speeds up to 27 knots, enabling swift hops from Riviera lunches to Adriatic retreats. With over 1,320 gallons of fuel and approximately 396 gallons of fresh water aboard, she is superbly provisioned for extended time at sea, reducing the need for frequent shore visits and maximizing onboard leisure.

The interior voice is unmistakably Italian—clean geometric forms, tactile materials and subtle detailing that elevate daily life on board. Expansive social areas flow seamlessly from salon to dining, designed for relaxed entertaining and lingering conversation. Accommodations sleep up to four guests in tranquil comfort, supported by four elegantly finished heads for a high degree of privacy and convenience. A dedicated crew cabin for two preserves discreet, professional service and a clear separation between guest and operational zones.

On deck, durable GRP surfaces offer enduring, low-maintenance sophistication well suited to sun-soaked cruising. The broad beam translates into generous

lounging and gathering spaces, whether savoring a quiet morning coffee overlooking a harbor or enjoying an evening beneath the stars.

Lying in Italy, this vessel is the quintessential fusion of performance cruiser and designer showpiece—an agile, GRP-built superyacht for owners who value speed, style and refinement in equal measure. Backed by Volvo Penta reliability and the pedigree of AMER YACHTS, she stands as an attractive choice in the 90–100 foot category.
