OVERVIEW

Launched in 2026 and built in Italy, this 94 ft motor yacht pairs refined Italian craftsmanship with advanced composite engineering to create a strikingly modern profile. The fiberglass/GRP construction ensures a composed, polished ride, while twin MTU inboard engines take you effortlessly from a relaxed 12 kn cruise to a spirited 24 knots, delivering a seamless mix of poise, efficiency and exhilaration. A generous 24 ft beam opens up expansive exterior living, with graceful GRP decks that flow from a welcoming aft lounge to a sunlit foredeck retreat ideal for morning coffee or evening aperitifs. With a 7.2 ft draft she can explore intimate anchorages, and a broad bathing platform makes swimming, boarding and lazing ashore completely uncomplicated. Inside, airy volumes and tactile finishes create a serene, elegantly pared-back atmosphere; the layout has been carefully considered to balance privacy and service, with 3 crew cabins and 5 berths providing attentive hospitality around the clock. Substantial tankage—over 3,000 gallons of fuel and more than 550 gallons of fresh water—extends your cruising autonomy, whether skirting the rivieras or embarking on longer passages. Beautifully proportioned for memorable family escapes and sophisticated entertaining, she offers an elevated yachting experience that is unmistakably Italian.
