## OVERVIEW

---

Factory-delivered 2022 S10 motor yacht presented from the original release, with low engine hours and finished to U.S. specification (60 Hz), comprehensively outfitted for immediate performance and comfort. This is a rare opportunity to acquire one of the most extensively specified, thoroughly upgraded Azimut S10 performance sport yachts built for the American market. Latitude has been retained solely for private use and meticulously maintained by a devoted full time captain and crew.

# DETAILED DESCRIPTION

---

## Description

---

S10 MY 2022 — factory listing. Low hours and fully equipped for the US market with a 60 Hz electrical system, this is a unique opportunity to acquire the most heavily optioned and comprehensively upgraded Azimut S10 delivered to date for the United States. Latitude has been enjoyed exclusively for private use and cared for by a full time captain and crew, presenting in impeccable, turnkey condition.

## Options

---

Thoughtfully specified for effortless cruising, the yacht features an ASEA converter for seamless global power compatibility, a dynamic positioning system with Skyhook including a maneuvering joystick, and a hydraulic stern thruster delivering up to 925 lbs of thrust for precision control. Comfort and safety are elevated by a Seakeeper 35 stabilizer and a smoke detection system for all cabins, while a shore water plug at the bow adds the practicality of easy dockside connection.

## Exterior

---

The exterior has been curated for refined open air living: an L shaped portside sofa on the forward flybridge in resilient Batyline fabric partners with two automatic hi lo tables on the bow complete with a sunbathing cushion, while sun shade sails on both the bow and the flybridge with removable poles create generous, flexible shade. The flybridge is laid in teak beneath a sleek hard top, complemented by spreader lights on the aft fly and two maneuvering lights on the bow for confident handling after dark. The beach area is

beautifully equipped with two additional waterproof sockets in the twin side lockers, a carbon fiber plug in shower, a sun umbrella, and both an accessory and dedicated cover for the garage door; a hydraulic bathing ladder integrates into the garage door for effortless water access. Boarding is simple with an automatic hydraulic system for the side boarding gates, and the aft portside salon window rises with an automatic lifting system to blend indoor and outdoor spaces. Practical detailing includes two extra pairs of foldable midship cleats in addition to the standard pair, a hauling/launching system for the tender and jet ski inside the garage, mesh covers, and a cockpit chair Cassina Pavilion #4. A luxury exterior lighting package is paired with OceanLED underwater lights—four along the hull sides (two per side) and four on the transom—while the painted boot stripe accentuates a fully painted hull, gunwale, deck, and transom in the sophisticated Grigio Ischia finish. Standard exterior cushions are upgraded in Batyline fabric for durability and style.

## Interior

---

Inside, serenity meets craftsmanship: the salon is finished with a teak floor and a teak ceiling, enhanced by a glass sliding door and automatic Roman blinds (in lieu of the standard automatic Venetian blinds) for tailored ambience; the port side gains a refined table lamp. On the main and lower decks, the Royal 15 carpet enriches the spaces, while teak flooring also defines the helm station and the dining area to striking effect. The master stateroom pampers with both automatic Venetian blinds (replacing the standard manual version) and Roman blinds with automation, a minibar cabinet, a safe, and a chaise longue table lamp. Its en suite features a marble head countertop, marble floor, and marble shower insert, while the VIP head gains a quartzite countertop for a cool, sculptural touch. Practical elegance continues with black out glass for the salon ceiling, black out roller shades for the lower deck cabins (automatic in the master only), mosquito nets for the portholes, and a discreet dumbwaiter

in the galley. The crew area is thoughtfully expanded with a fourth folding berth, plus a complete set of linens for the crew cabin and a dedicated set for that additional folding bed, alongside a set of stainless steel cooking pans to round out the galley inventory.

## Appliances

---

Entertaining is effortless with an additional refrigerator in the crew area, a large American barbecue on the flybridge paired with an icemaker, and a cockpit refrigerator for refreshments on deck. In the galley, upgraded Miele appliances—oven and cooktop—deliver culinary precision, while a salon wine cooler keeps vintages at their best.

## Electronics

---

The navigation and surveillance suite is comprehensive: four Panasonic cameras watch over key zones, augmented by a Raymarine FLIR M364-C thermal camera for confident night running. Communications are bolstered by an additional Simrad VHF set, a Simrad AIS, the Simrad Platinum package, and a VHF emergency supply kit. Entertainment is equally robust with a fully integrated video/TV/high fi architecture and an audio/video package featuring decoders and an HD7 SAT antenna specified for the US market.

## Propulsion

---

Power comes from twin MTU M96L engines rated at 2,600 hp each, delivering the S10's renowned performance with smooth, responsive acceleration. Both engines show approximately 520 hours, reflecting careful private use and professional maintenance from day one.

## Specifications

---

Elegantly fast and confidently seaworthy, the yacht cruises at 28 kn and reaches 35 kn at full speed. She measures 94.25 ft LOA with a 20.83 ft beam, and is built in durable, weight efficient fiberglass. Systems include fresh water, fuel, and holding tanks as specified by the shipyard. Accommodations are generous, with 4 guest cabins and 5 guest heads, plus 2 crew cabins and 2 crew heads to ensure discreet, professional service.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
