OVERVIEW

Launched in 2021 and presented in immaculate condition, this 29.06m Sanlorenzo SL96A is a lightly used, privately owned example from the pioneering Asymmetric line. Its redesigned layout increases interior volume and pours natural light into every area, creating the impression of a far larger flybridge motor yacht and evoking the spaciousness of a modern superyacht. Designed by Zuccon International Project, she welcomes eight guests across four en-suite cabins and is comprehensively appointed throughout. Never chartered and professionally maintained since delivery, this luxury yacht is turnkey and ready to cruise, marrying planing performance with refined comfort for Mediterranean passages and relaxed family cruising.

DETAILED DESCRIPTION

Kapusha

Delivered in August 2021 and presented in exceptional condition, this 29.06m Sanlorenzo SL96A represents a rare opportunity to acquire a lightly used, privately owned example of one of the shipyard's most progressive planing models. Commissioned by a highly detail-oriented Owner and constructed under the supervision of an independent professional survey team, she benefits from a comprehensive specification, carefully considered customisations and a complete service history from new. Belonging to Sanlorenzo's Asymmetric series, the SL96A reinterprets the conventional yacht layout by relocating the port side deck to the superstructure roof, producing increased interior volume, enhanced natural light and a stronger connection between indoor and outdoor living so the yacht feels appreciably larger than her length while preserving practical circulation throughout. The interior by Zuccon International Project is modern, calm and meticulously specified, its Soho-inspired palette blending warm woods, tailored textiles and refined stone detailing; the main salon is framed by full-height windows, bespoke furnishings and a concealed entertainment system set behind a Stopsol fumè mirror, while electric decorative shades and lighting controls allow the ambience to evolve seamlessly from daytime brightness to evening intimacy. This design language continues into the private areas, where Arabescato polished marble introduces a subtle sense of luxury within the Owner's bathrooms, and throughout the yacht thoughtful custom joinery, including a reconfigured galley layout, underscores a commitment to practical living as much as aesthetic refinement, supporting extended time onboard without sacrificing design coherence. On deck the same attention to detail is evident in the teak decking, layered lounge areas and carefully curated designer furnishings; the flybridge is conceived as

a true social deck, centred around custom bar cabinetry and Paola Lenti Cove seating configurations that bring a relaxed, residential character rarely found on yachts of this size, while flexible shading solutions and multiple dining and sunbathing zones ensure effortless transitions between entertaining, family cruising and longer stays aboard. Guest accommodation is arranged for eight across four en-suite cabins, comprising a full-beam Owner's suite, a VIP and two twin cabins, one of which is convertible, while separate crew quarters for four enable discreet, professional service at all times. Technically, the yacht reflects a carefully considered build brief, featuring zero-speed fin stabilisers, a hydraulic stern thruster and the Raymarine Diamond navigation package, and a well-appointed garage houses a Williams Sportjet 435 tender, Seabobs and additional water toys to deliver instant cruising capability. Used exclusively for private cruising, never chartered and maintained by an experienced captain and crew since delivery, she saw minimal use between 2022 and 2025 and remains in genuinely turnkey condition; the depth of her specification, documented maintenance and exemplary ownership profile position her as a compelling alternative to a new build without the associated wait. Offered seriously for sale, with viewings strongly recommended to fully appreciate her condition, build quality and onboard atmosphere.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
