OVERVIEW

Princess Yachts Monaco is pleased to present a distinguished example from our Central Agency collection: a 2021 Princess X95 offered with VAT included. As the leading model of the X Class, she marries the presence and scale of a superyacht with the performance pedigree and handcrafted finish that define Princess.

Her innovative superflybridge silhouette and striking lines create an abundance of indoor and outdoor living that is extraordinary for a vessel below 30 metres. From the generous aft deck that invites alfresco gatherings to the sweeping sky lounge that flows effortlessly into outdoor entertaining areas, every part of the yacht is conceived for elegant relaxation and social life at sea.

Accommodation is arranged across five sumptuous cabins to welcome up to 10 guests, highlighted by a rare full-beam master suite on the main deck—an exceptional feature in this size bracket. Each stateroom is flooded with natural light and finished to the highest specification, providing comfortable sanctuaries for extended passage-making.

Onboard appointments include a sundeck Jacuzzi offering panoramic views, fin stabilizers that enhance comfort both at anchor and underway, and a Williams DieselJet 505 tender stowed aft for effortless ship-to-shore cruising. Systems have been upgraded with an enhanced generator and a state-of-the-art navigation suite, while the full-size galley is fitted with top-tier appliances to support gourmet provisioning. The beach club, complete with a hydraulic swim platform, extends the leisure space to the water's edge, and the expansive sky lounge features a bar and dining area for refined entertainment. Crew accommodation is arranged for up to five with private access to ensure discreet, professional service.

Designed for long-range cruising and relaxed liveaboard capability, this X95

has minimal engine hours and a meticulous maintenance record, making it a rare opportunity to own one of the most accomplished motor yachts in her class. Contact us to receive the full brochure and image gallery, and to arrange an exclusive viewing to see why the X95 stands in a class of her own.
