OVERVIEW

Yachtsmen International proudly presents the 2012 Horizon RP97 motor yacht EUPHORIA to the market, a 97-foot expression of refined seafaring luxury and practical versatility.

Licensed under a current Cook Islands Survey for up to 12 guests, EUPHORIA is configured to perform as both an intimate private superyacht and a commercially certified charter vessel, offering owners and guests freedom to cruise in comfort and style.

Her semi-displacement hull is engineered for effortless performance, holding a steady 15 knots in normal cruise and an efficient 10–12 knots for extended bluewater passages, while twin 1,600 hp CATERPILLAR C32s can propel her beyond 21 knots when desired. With 15,500 litres of fuel aboard, she carries the range to explore the Great Barrier Reef and venture deep into the Pacific with confidence.

Inside, the yacht's interior appointments showcase satin oak joinery, premium leathers, European appliances and a state-of-the-art entertainment suite, all assembled with careful craftsmanship. Designed for entertaining, she offers a generous saloon complete with wet bar, formal lounge and dining areas framed by sweeping picture windows, alfresco dining on the aft deck and a bespoke flybridge that delivers true flybridge yacht living — an additional lounge, wet bar, jacuzzi and generous sun pads made for sunset cocktails.

Accommodation is arranged to sleep up to 8 guests with quarters for 4 crew: a full-beam master suite, a forward VIP stateroom, starboard and port twin cabins, and two crew cabins aft that can alternatively function as extra guest cabins when required.

Her specification is extensive and purposefully appointed for comfort, safety and convenience, including TRAC fin stabilisers for both underway and at-rest comfort, additional bespoke wet bars in the saloon and on the aft deck,

custom hull windows, a foredeck dining area that converts to a sun lounge, a hydraulic lowering swim platform with integrated sea stairs, hydraulic bow and stern thrusters, Sat TV throughout, a premium Furuno navigation suite, passerelle, a retractable flybridge awning over the jacuzzi, underwater lights, a CCTV system, a third wing station and more.

In 2024 EUPHORIA completed her Cook Islands Survey and received a comprehensive program of upgrades and servicing: a bridge refresh with four new screens, two new autopilots and a new VHF, the addition of a VHF to the flybridge, Starlink installation, a new flybridge icemaker, four additional underwater lights, spa servicing and enhancements, a new aft deck refrigerator, four new TVs, refined soft furnishings and numerous further improvements.

EUPHORIA remains a benchmark Horizon — an elegant, semi-displacement 97-foot motor yacht and long-range flybridge cruiser, meticulously maintained and thoughtfully upgraded to an exceptional standard.

DETAILED DESCRIPTION

2012 Horizon RP97 Euphoria

Carrying a current Cook Islands Survey for up to 12 guests, EUPHORIA marries exceptional versatility with the freedom to operate as a private yacht or a commercially run vessel. Her semi-displacement hull lets you cruise effortlessly at 15 knots, or settle into an ultra-comfortable 10–12 knots for longer ocean passages, while twin 1,600 HP Caterpillar C32 engines drive her to speeds in excess of 21 knots. With a 15,500 litre fuel capacity, she offers the range to explore the Great Barrier Reef and venture far across the Pacific. Quality is tangible throughout: high satin oak joinery, sumptuous leathers, European appliances and a state-of-the-art entertainment system create an elegant, contemporary ambience. Designed for entertaining, the yacht boasts a spacious, luxurious saloon with wet bar, formal lounge and dining framed by panoramic picture windows, alfresco dining on the aft deck, and a fully customised flybridge with an additional lounge, wet bar, jacuzzi and sun lounges—perfect for twilight cocktails. Accommodation is for up to 8 guests plus 4 crew, comprising a full-beam master stateroom, a forward VIP guest stateroom, a starboard twin and a port twin, with two crew cabins aft that can alternatively serve as additional guest accommodation. Her specification is extensive: TRAC fin stabilisers operating underway and at rest; additional custom wet bars in the saloon and on the aft deck; custom hull windows; a bow dining area that converts to a sun lounge; a hydraulic lowering swim platform with integrated sea stairs; hydraulic bow and stern thrusters; Sat TV throughout the vessel; a premium Furuno navigation package; a passerelle; a retractable flybridge awning over the jacuzzi; underwater lights; CCTV cameras; a third wingstation; and much more. In 2024, EUPHORIA completed her Cook Islands Survey and benefited from a suite of upgrades and service works,

including a bridge refit with four new screens, two new autopilots and a new VHF; an additional VHF on the flybridge; the addition of Starlink; a new flybridge icemaker; four new underwater lights; spa upgrades and maintenance; a new fridge on the aft deck; four new TVs; and enhancements to soft furnishings, among many other improvements. Meticulously maintained and thoughtfully upgraded, EUPHORIA stands out as a Horizon of rare quality and appeal.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
