OVERVIEW

Horizon E98

Please note this entry outlines a model specification for a new build and does not reflect an existing yacht for sale or a physical location. For additional details on this model and current build availability, information is available upon request.

The Horizon E98 luxury motor yacht was conceived for owners seeking superyacht comforts within a vessel just under 98 feet (29.84M). Styled by Swedish designer John Lindblom, her refined profile mirrors the much-loved Horizon E90, as does a performance-focused hull that delivers cruising efficiency, stability, and exemplary seakeeping. Boasting a remarkable 5.10 feet (1.78M) draft, this model has the versatility to explore skinny-water cruising grounds, while a 22.9 feet (6.93M) beam creates generous interior volume to host family and friends across every deck. The Horizon E90 is available in enclosed skylounge and open bridge configurations to match a range of yachting lifestyles and preferences across diverse cruising itineraries worldwide.
