OVERVIEW

Azimut Grande 30M — New 2026 Model

Ready in Cyprus and conceived for the most exacting yachtsman, this 98 foot Azimut Grande 30M pairs Italian refinement with spirited capability. A fresh 2026 model launched in 2025, she offers the uncommon chance to claim a brand new superyacht: contemporary, sophisticated, and immediately poised for Mediterranean cruising.

Her sleek monohull is built in advanced GRP/fiberglass with GRP decks, a collaboration between P.L. AUSONIO Naval Architecture and the Azimut R&D Department that produces a memorable profile. A generous 24 foot beam bathes the interior in light and frames expansive sea views, while a shallow 6.63 foot draft allows access to coves and anchorages many vessels of this length cannot reach. Inside, M2Atelier has shaped a calm, design led environment of tactile finishes, sculptural lines, and a refined palette that moves seamlessly from salon to dining and panoramic relaxation areas. Accommodation is arranged for up to 10 guests in comfort and style, supported by six elegantly appointed bathrooms to ensure privacy and ease throughout longer passages.

Performance is delivered with assurance. Twin MTU inboard diesels propel a confident 22 knot fast cruise and a top speed reaching 28 knots, backed by significant tankage of approximately 3,170 gallons of fuel and 555 gallons of fresh water—ideal for extended coastal runs and island hopping. Whether traversing sunlit harbors or slipping into a secluded bay for an evening swim, the yacht reconciles speed, efficiency, and hushed refinement with the unmistakable poise of Azimut.

Deck life is crafted for effortless indoor–outdoor living. Wide social terraces invite al fresco dining and sunset cocktails, while generous lounging zones encourage long, unhurried days at sea or at anchor. Vast glazing draws the

horizon into the saloon and softens the transition between sea and refuge, and careful detailing—subtle lighting, abundant headroom, and fine joinery—elevates each moment on board.

Professional service is accommodated behind the scenes. Three crew cabins provide berths for up to six crew, allowing discreet hospitality and clear separation between guest and service areas. Systems and access layouts are engineered for smooth operation, enabling the crew to present the polished, attentive experience expected of a modern flybridge superyacht. Situated firmly in the luxury motor yacht category, this Azimut Grande 30M is a performance oriented flybridge yacht and Mediterranean cruiser, an agile new build GRP superyacht that melds speed, space, and Italian craftsmanship for family cruising or refined entertaining.
