OVERVIEW

Introducing the BAIA 100, a magnificent Galeazzi Design creation whose exterior lines and interior appointments reflect one another in refined harmony. This high-performance yacht is a feat of engineering, capable of thrilling passages between 42 and 49 knots, the three robust MTU engines driving her to a peak speed of 49 knots. She accommodates up to 10 guests in sumptuous comfort and provides dedicated quarters for 5 crew members, including the captain, ensuring seamless service and safety underway. Constructed with a GRP hull and superstructure and carrying 10,000 liters of fuel, she is tailored for extended, fast cruising. Registered as the 5481st largest yacht in the world, she also stands as the 7th largest vessel produced by Baia Yachts and is often known as the superyacht Astro. Listed for sale in the current boat location, she presents a rare opportunity to acquire a yacht that marries luxurious living with uncompromising performance.

DETAILED DESCRIPTION

Baia 100

The Baia 100, conceived by Galeazzi Design, is a remarkable fast-planning superyacht that fuses exterior flair with interior refinement while delivering exhilarating performance, reaching cruising velocities between forty-two and forty-nine knots and a top sprint of forty-nine knots, which places her among the most dynamic vessels in her category. Designed to accommodate up to ten guests and to house five crew members including the ship's captain, she promises an effortlessly served and supremely comfortable experience at sea. Inside, four exquisitely appointed cabins showcase a tasteful palette of light woods; the main cabin, a generous twenty-five square meters, is a serene retreat complete with a wardrobe, a locked safe, a desk, a hairdresser's station, a lounge area and a capacious ensuite bathroom fitted with a shower, bidet and a Japanese toilet. The VIP cabin, at fifteen square meters, offers an intimate haven with a closet and an ensuite bathroom with shower and bidet, while two twin cabins, thoughtfully designed for children, each feature pullman-style berths and their own ensuite bathrooms equipped with a shower and a Japanese toilet. Built with a GRP hull and superstructure and propelled by three MTU engines, the Baia 100 combines lightweight construction with formidable power and is supported by a ten thousand liter fuel capacity for extended passages, a testament to her range and capability. Ranked five thousand four hundred eighty-one in the global list of largest yachts and celebrated as the seventh-largest yacht crafted by Baia Yachts, this vessel is more than transport; she is a statement of speed, luxury and refined nautical engineering.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
