OVERVIEW

A masterful 30M yacht that marries effortless performance with sumptuous design, she is driven by twin MTU 2000 M94 diesel engines (2 x 2,640 MHP), combined with a gearbox featuring an autotroll function and engines fitted with trailing pumps to ensure smooth, confident passage. The exterior entertaining spaces include an elegant flybridge centred on a round table and finished with custom Princess 40M-style lounging seats aft, while both the flybridge and aft cockpit are air-conditioned for comfort in every climate.

Inside, a refined palette of Onyx, marble, exotic woods and luxurious fabrics is brought to life by bespoke Maccassar Ebony joinery, creating interiors that are as durable as they are beautiful. Stability and seaworthiness are enhanced by upgraded TRAC 16x fin stabilizers, and the vessel's systems are supported by dual 50kw generators and a stainless steel freshwater tank for reliability on extended trips. An extended long-range fuel tank underpins longer voyages without frequent refuelling, and state-of-the-art virtual reality and custom audio-visual entertainment systems provide the ultimate in onboard relaxation.

Built to the highest specifications and tailored to your desires, this magnificent yacht is available for sale in the current boat location, where luxury and advanced technology meet on the water.

DETAILED DESCRIPTION

Princess 30M

The Princess 30M stands as the highest specification yacht available on the market today, a rare opportunity to own a vessel that blends cutting-edge technical engineering with exquisitely considered design, born from a meticulous collaboration between the Princess Yacht design studio and the award-winning M Class superyacht division. Inside, the level of bespoke detail is exceptional: one-off wood furniture from the exclusive superyacht Macassar Ebony collection is finished in a piano-gloss that forms an opulent stage for an exquisite harmony of precious materials and stones, with the finest Onyx, marbles, burred and wenge woods and specially sourced leathers and fabrics elevating the ambience throughout. Large panoramic windows flood the interiors with natural light, particularly enhancing the main deck saloon and the full-beam master suite to create an inviting and private environment for entertaining in comfort and safety. The main deck saloon is spacious and airy, featuring a private side balcony that opens or closes to suit the occasion, while the mid-ship dining area showcases a specially designed table seating ten and extendable to accommodate up to fourteen guests, set against back-lit, color-changing golden spider Onyx sourced from Italy to echo the yacht's interior theme. The adjoining full-size galley benefits from an automatic side door for convenience, and beautifully finished bars and counters flank the dining space, providing dedicated storage for the crystal set, cutlery, finest china and accessories; these surfaces are finished in matching golden Onyx, complemented by bespoke burred walnut panels and tops clad with specially sourced crocodile leather. Entertainment is seamless with a discrete 55" TV on an up-down mechanism toward the saloon aft, while a ceiling panel reveals an 86" screen and a retractable projector for cinematic presentations. The

Princess 30M boasts one of the finest master suites on the main deck, offering expansive volume, abundant natural light and luxurious white Onyx countertops, a level of finish repeated across the four lower-deck cabins; the lower aft VIP suite can transform into a full-beam retreat with a large bed and sofa seating area or be divided into two rooms with a convertible sofa bed, each with its own lavishly fitted bathroom, while two forward cabins can be configured as doubles or separate twins with additional pullman berths and beautifully finished bathrooms. On the flybridge the yacht reveals its social temperament, with a large circular dining table seating ten to twelve guests comfortably under shade and an aft seating layout mirroring the Princess 40M flagship with generous C-shaped lounges and a fully equipped bar, while special air conditioning fitted to both the flybridge and aft cockpit combined with a custom see-through enclosure ensures comfort even on warmer days. The onboard watersports inventory is comprehensive and exciting, including custom-made sliders, an inflatable swimming pool, jetski, Seabob, jetboard, banana boat, inflatable rings, kayak and waterskis. Beyond the glamour of its interiors, the Princess 30M has benefited from numerous technical upgrades that make her a superior and dependable superyacht: an extended long-range fuel tank enables greater cruising range with reduced noise and vibration thanks to constructional refinements, advanced sound insulation, an upgraded TRAC 16x stabilizer, the advanced Alfa Laval MIV 303 fuel polishing system, trailing pumps for single-engine operation, an auto troll function for slow-speed cruising and a stainless steel freshwater tank. Full internet and satellite TV systems are fitted alongside spare propellers, shafts and a comprehensive list of spare parts. Lovingly and meticulously maintained by her owner and the Princess Yachts South East Asia team, this lightly used Princess 30M represents a truly special and unique opportunity, the only one of its kind currently available; please contact us to arrange a viewing and experience firsthand just how exceptional this yacht is.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
