OVERVIEW

Horizon E100

Please note that this description outlines the specifications for a new build model and does not depict an actual vessel available for purchase or its present location. For more information about this model and its availability, please contact us.

The Horizon E100 motor yacht is crafted for those who seek the opulence of a superyacht in a vessel just shy of 100 feet (30M). Designed by the esteemed Swedish designer John Lindblom, her graceful exterior lines echo the allure of her well-known smaller sibling, the Horizon E90. The high-performance hull ensures cruising efficiency, stability, and outstanding seakeeping capabilities. With an impressive draft of 6 feet (1.8M), the E100 can easily navigate shallower waters, while her expansive beam of 23 feet (7M) provides generous interior space to comfortably entertain family and friends on every level. The Horizon E100 is offered in both Skylounge and Open Bridge layouts, accommodating a wide array of cruising preferences. Discover yacht sales at the current location and seize the chance to own a yacht that epitomizes luxury and elegance.
