OVERVIEW

MCP Yachts Silver Bullet 100

FOR THE DISCERNING YACHT AFICIONADO...

MCP YACHTS:

Globally acclaimed, MCP Yachts is a dominant player in the Aluminum Motor Yacht Construction industry. With a rich history of 36 years, our shipyard's facilities, design prowess, and dedication to quality and innovation are highly esteemed, especially for vessels between 80 and 142 feet. This extensive expertise is now available through the MCP SAILING YACHTS DIVISION, which manages comprehensive project oversight and construction.

NORTH SAILS:

A global frontrunner, North Sails excels in equipping elite sailboats for prestigious events like the America's Cup, Volvo Ocean Race, and the Olympics. In Brazil, they represent leading manufacturers of Aluminum and Carbon Fiber masts and booms, ensuring optimal aerodynamics and dependability. North Sails Brazil also handles B&G electronic instruments, Harken winches, and sail roller furling systems, enhancing the MCP Sailing Yacht Division's excellence.

A. BOTTINO DESIGN + ENGINEERING:

Mr. Bottino is a renowned Naval Engineer and Architect in the field of high-performance sailing yachts. His career began at his family's shipyard, where he balanced education, research, and competitive sailing. His notable collaborations with Soto Acebal Naval Architects have resulted in remarkable designs like the Wally 100' Alexia and Solaris series. After visiting the MCP shipyard and recognizing its 35-year heritage, he remarked, "So good to be here..."

The MCP team is privileged to have Mr. Bottino as a collaborator.

The SILVER BULLET 100 is a modern and opulent sloop featuring a spacious

saloon on the main deck. Its innovative design offers expansive spaces typically found only on larger yachts.

With a clear deck equipped with sails and rails, this 100-footer is crafted for effortless sailing, even manageable by just two people for enhanced safety. The helm stations are strategically positioned in the aft saloon cockpit, protected by an electrically operated HARD TOP that can be swiftly closed for climate control, shielding from wind, rain, or sun.

A well-designed deck area behind the cockpit saloon provides ample space for social sailing or competitive regattas. At the stern, a tranquil terrace is shielded from the elements by a retractable Bimini awning, complete with cushions and benches, inviting relaxation as you enjoy the serene view of the boat's wake gliding through the azure waters.

This terrace is also designed to accommodate a Jet Ski, allowing the owner to seamlessly transition between leisurely cruising and thrilling adventures. A built-in boom extension facilitates easy launching of the Jet Ski without the need for a dinghy davit, maintaining the deck's sleek aesthetic.

When anchored, the SILVER BULLET features a hydraulic platform that enhances the "beach on the sea" lifestyle. Its retractable keel adjusts the draft from 4.5 meters for efficient sailing to 2.5 meters for entering harbors or beaches.

The support dinghy is conveniently stored on the forward deck, which doubles as a saltwater swimming pool for afternoon enjoyment. The dinghy can be launched using the halyard of the asymmetric balloon, eliminating the need for heavy davits and preserving the yacht's clean lines. This design philosophy emphasizes simplicity, reduced weight, and minimal maintenance, drawing from extensive sailing experience worldwide.

Space and comfort are seamlessly integrated into the vessel's modern and striking design. The mid-deck saloon layout fosters a comfortable and aesthetically pleasing environment while providing excellent maintenance

access to equipment housed in a watertight, soundproof area. The owner's suite at the stern boasts expansive windows with stunning sea views, complemented by three guest suites—one with a convertible bathroom and two forward cabins, one featuring a double bed and the other with single berths. The main deck flows seamlessly to the aft terrace, featuring an invisible drop anchor, a below-deck mooring locker, and a hydraulic easy reefing boom... a true dream for those looking to buy a yacht in the current boat location.

Explore yacht sales in the current boat location and discover the elegance of the SILVER BULLET 100, a perfect blend of luxury and performance.

DETAILED DESCRIPTION

Section name

This yacht is outfitted with a remarkable selection of electronic systems, ensuring a smooth and pleasurable sailing journey. It includes a depth sounder, log-speedometer, and indicators for wind speed and direction, all enhanced by repeaters and a navigation center. The plotter and autopilot systems seamlessly integrate with the compass and GPS, while the VHF and radar systems, along with a radar detector, offer extensive navigational assistance. For entertainment and connectivity, the yacht is equipped with a computer, TV, VCR, DVD player, radio, CD player, and speakers in the cockpit. The sails are crafted for adaptability and high performance, featuring options such as a fully battened mainsail, battened mainsail, furling mainsail, genoa, furling genoa, storm jib, spinnaker, gennaker/cruising spinnaker, asymmetric spinnaker, and trisail. The rigging is equally robust, including a steering wheel, tiller, hydraulic winch, electric winch, and a spinnaker pole.

Inside, the yacht is fitted with a stern thruster, bow thruster, both electric and manual bilge pumps, and a battery charger. Comfort is assured with an air compressor, air conditioning, heating, and hot water systems. The fresh water maker and sea water pump enhance the yacht's autonomy, while the dishwasher, washing machine, oven, microwave, marine head, electric head, chemical head, refrigerator, and deep freezer offer all the comforts of home.

The electrical setup includes a shore power inlet, generator, and inverter, ensuring a dependable power supply. Externally, the yacht features a teak cockpit and sidedecks, a gangway, hydraulic gangway, wind generator, and solar panel. Comfort and relaxation are prioritized with cockpit cushions, a cockpit table, swimming ladder, and cockpit shower. Additional amenities include outboard engine brackets, davits, radar reflector, tender, and liferaft.

Lastly, the yacht is well-protected with a variety of covers, including a Bimini top, mainsail cover, cockpit cover, genoa cover, spray hood, lazy bag, and lazyjacks. This extensive array of features and equipment makes this yacht an exceptional choice for any sailing enthusiast.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
