OVERVIEW

The 40m (131' 3") ATLANTIKA, launched in 2013 by CNT Castagnola and extensively renewed in 2022, fuses timeless elegance with contemporary capability. Constructed in cold-molded mahogany, this luxury motor yacht sleeps ten guests in five staterooms centered around a full-beam owner's suite, while separate accommodations are provided for a crew of three. Propelled by twin Caterpillar 12 DITA diesel engines of 470 hp apiece, she cruises comfortably at 10 knots and boasts a remarkable 5,000 nm range. The 2022 refit delivered a complete exterior repaint, new teak decking, an enlarged flybridge, a modernized AV/IT architecture and thorough overhauls of the principal mechanical systems. Certified for commercial use and classed by RINA, ATLANTIKA is presented turnkey for private superyacht exploration or immediate entry into luxury charter service.

DETAILED DESCRIPTION

40m custom schooner Atlantika, 2013 build with 2022 extensive refit, turnkey and charter ready

Atlantika marries time-tested naval engineering with contemporary onboard luxury, offering a 40-metre platform that has been meticulously maintained since her 2013 build and comprehensively refreshed in 2022. Having successfully completed her critical ten-year survey with exemplary results, she presents in immaculate, ready-to-cruise condition. With notably low engine hours and a full refit that addressed both aesthetics and systems, she promises dependable mechanical performance and strong long-term value for an owner or operator.

Her interior has been reimagined to facilitate effortless hospitality, accommodating ten guests across five elegantly appointed staterooms. The 2022 renewal introduced a modern palette of furnishings and finishes that enhance comfort and contemporary appeal while preserving a refined onboard atmosphere. Crew accommodation for six professional crew members supports a high standard of service, ensuring smooth operation whether she is used for intimate family passages or positioned as a premium charter asset.

Exterior living has been tailored for the Mediterranean lifestyle, with new teak decks and immaculate cosmetic detailing providing an elevated setting for relaxation and entertainment. The deckplan is thoughtfully arranged to create generous areas for alfresco dining and social gatherings while allowing the crew to operate discreetly and efficiently. An expansive flybridge functions as an elevated private lounge with sweeping panoramic views, and the generous swim platform offers seamless, elegant access to the water.

The 2022 technical overhaul was exhaustive: the hull received a full repaint,

navigation and communication suites were upgraded to the latest standards, and the AV/IT systems were fully modernized. New watermakers were fitted, and both main engines and generators underwent a thorough mechanical overhaul, ensuring systems are up to date and dependable. Fully compliant with current maritime regulations and delivered as a turnkey proposition, Atlantika is positioned to enter the charter market immediately, with a versatile layout and broad guest appeal that can generate premium revenue to offset operating costs. Presenting in pristine condition with major systems renewed, she stands as a sophisticated and commercially attractive offering in today's brokerage market.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
