Exquisite 2014 147 Foot Yacht Offered in France

Step aboard this extraordinary 147 foot vessel, a 2014 creation that marries refined aesthetics with naval precision, now presented for sale amid the luminous bays of France. Every curve and finish speaks to a carefully considered union of comfort and capability, inviting those who seek both tranquil retreats and spirited exploration on the open sea.

Beneath her graceful lines lies a resilient aluminum hull and a thoughtfully arranged deck that together deliver a supple, stable motion; she cruises confidently at 12 knots with a top speed of 13 knots, allowing effortless passage along sunlit coasts and into hidden coves. Her substantial gross tonnage of 196 pounds and a generous beam of 29 feet provide a sense of solidity and expansive living space, ideal for convivial gatherings or quiet repose.

Conceived by the esteemed Rhoades Young, the interior is a calm, elegant sanctuary where workmanship and style converge. Accommodation for up to seven guests is distributed across four finely appointed cabins, each designed for comfort and privacy, while four heads ensure convenience for family and company during extended stays aboard.

Powered by a dependable Volvo inboard engine, this yacht is as reliable as she is beautiful. Her capacious fuel stores of 4,755 gallons and fresh water capacity of 1,585 gallons support long passages and leisurely itineraries without frequent stops, making her a true platform for prolonged cruising.

Located in France, the yacht enjoys an idyllic setting for immediate enjoyment and exploration, with yacht sales in the current boat location booming and demand strong. Seize the opportunity to own a vessel that promises luxurious living and assured performance, ready to welcome you aboard for unforgettable voyages.

# DETAILED DESCRIPTION

---

## Section name

---

This magnificent 45-meter sailing yacht, conceived by UK naval architect Билл Диксон and launched in 2014, is a full-displacement sloop crafted for exhilarating performance and refined comfort. Built by Holland Jachtbouw with carbon fiber spars and rigging, she is engineered to sail swiftly and efficiently in the light Mediterranean breezes, her telescopic keel granting access to shallow, picturesque harbors while delivering enhanced upwind performance when lowered. The large, comfortable cockpit, perfectly appointed for al-fresco dining, is shaded by a hydraulic Bimini that operates with the effortless sophistication of a hard-top convertible roof. Inside, an interior by Rhoades Young exudes a peaceful, minimalistic ambiance through a considered palette of materials, fabrics and textures, while generous glazing floods cabins and living areas with natural light. Accommodation is arranged in four cabins to host up to eight plus two guests, highlighted by a luxurious owner's suite with double beds, a walk-in closet and a spacious bathroom, complemented by guest cabins with en-suite facilities and crew quarters for six crew members in three cabins. Mechanically she is robust and modern, powered by a 552 kW Volvo Penta engine that delivers a maximum speed of 13 knots and a cruising speed of 12 knots, with a range of 2,700 nautical miles at an economical ten-knot pace and a fuel consumption of 60 liters per hour. Built with an aluminum hull and superstructure and finished with teak decks, classed by Lloyd's Register, she features advanced systems including a Hundersted gearbox, JP3 steering system and a comprehensive electrical installation. Her sail wardrobe was updated in 2020 with North 3Di sails—mainsail, staysail, genoa and jib/blade—set on Southern Spars mast and boom, while deck equipment by Lewmar and Rondal and Reckman furlers ensure efficient sail

handling. Onboard communications and entertainment are state-of-the-art with VSAT, NAVTEX and a Lantic AV system with integrated operation and control. For leisure she offers an extensive selection of tenders and watersports equipment, from a Williams Jet Tender and Seabobs to wakeboards, inflatable toys, kiteboarding and winging gear and diving equipment, all supported by comprehensive safety and security systems including liferafts, life jackets and firefighting apparatus. Recent refits and maintenance, including significant works completed in 2025 such as a ten-year class survey, engine and generator services and thorough inspections and upgrades, have preserved her pristine condition, making this yacht an exceptional choice for those seeking a luxurious, high-performance sailing experience where performance rigging, thoughtful use of glass and an inviting al-fresco dining area create unforgettable moments at sea.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
