OVERVIEW

"Create a masterpiece, not a mere imitation." Ngoni embodies this philosophy—an extraordinary marvel! Crafted by the esteemed Royal Huisman and unveiled in 2017, Ngoni stands as one of the most captivating and pioneering yachts ever conceived, boasting an undeniable 'Wow' factor.

With her lifting keel extended (8.1m/26ft), this yacht offers exhilarating speed and an exhilarating sailing experience.

As we step into 2024, NGONI features four spacious and opulent ensuite cabins (the gym has been transformed into a lavish twin berth cabin with an adjoining bathroom). Additionally, a single berth sofa bed has been thoughtfully integrated into the owner's office.

This yacht for sale is a true gem in the current boat location, making it an exceptional opportunity for those looking to buy a yacht. Explore yacht sales in the current boat location and discover the luxury that Ngoni has to offer.

DETAILED DESCRIPTION

Section name

Ngoni is a masterpiece of modern yacht design, embodying the owner's vision of a "beast" rather than a mere "wolf in sheep's clothing." Built by the renowned Royal Huisman and launched in 2017, this 58-meter sloop with a lifting keel is a striking and innovative vessel that commands attention on the water. With her keel down, Ngoni boasts a draft of 8.1 meters, making her both fast and rewarding to sail. The yacht's impressive dimensions include a length of 58.15 meters and a beam of 9.54 meters, with a displacement of 353 tons. Her hull speed reaches up to 17 knots, ensuring a thrilling sailing experience. Ngoni's design is the brainchild of Dubois Naval Architects, with Rick Baker Ltd. responsible for the sumptuous interior. The yacht's exterior styling and naval architecture are also credited to Dubois, while Godfrey Cray Maritime Ltd. managed the project. The all-aluminum hull and deck are constructed with high-quality materials, including "Alustar" for high-load areas, ensuring durability and performance.

The yacht's interior is a testament to luxury and innovation, featuring four spacious ensuite cabins that can accommodate up to nine guests. The owner's master suite is located aft, while the forward starboard side houses a double VIP guest cabin. A twin guest cabin is situated on the forward port side, and a new twin guest cabin has replaced the gymnasium on the starboard side. Additionally, a single berth sofa bed is available in the owner's office. The crew is comfortably accommodated in six cabins, with en-suite bathrooms for all. Ngoni's technical specifications are equally impressive. The main engine is an MTU 8V2000M72, delivering 720 kW of power, paired with a ZF 3310 gearbox and a Hundested VP10 controllable pitch propeller. The yacht's cruising speed range is 4000 nautical miles at 12 knots. The vessel is equipped with two

Northern Lights generators, each providing 70 kW of power. The fuel system, custom-made by Royal Huisman, includes a Facet fuel separator and a Gianneschi tender fuel pump.

The yacht's tank capacities are substantial, with 30,307 liters of fuel, 10,000 liters of fresh water, and 7,000 liters of waste water. The waste water is managed by a Hamann HL Cont PLUS 02 Slim Sewage Treatment plant, capable of processing 5200 liters per day. The water maker, an HEM 30/3400, has a capacity of 13,000 liters per day.

Ngoni's deck hardware and winch package are top-of-the-line, featuring Rondal captive reel winches and Harken drum deck winches. The mast and spars are crafted from carbon fiber, with a 71-meter mast and a 24-meter furling carbon boom. The sail inventory includes North Sails 3Di Mainsail, Furling Jib, Code Zero, A2 spinnaker, and a new 3Di Staysail added in June 2024.

The yacht's interior is a blend of elegance and functionality, with walls and furniture featuring special finished surfaces, Tabu and Alpi veneers, and Wengé door frames. The crew's quarters are styled with white HP laminate walls and oak wood details. Upholstery is provided by Zijlstra and Cools Upholstery, while lighting is designed by The Light Corporation.

Ngoni is equipped with state-of-the-art navigation and communication systems, including B&G H5000, Furuno Radar, and Sailor Satcom C. The audio-visual equipment features a Kaleidescape system and Samsung UHD TVs, with Apple RTI room control.

In summary, Ngoni is not just a yacht; it is a statement of power, luxury, and innovation. With her striking design, advanced technology, and sumptuous accommodations, she is truly an awe-inspiring vessel that lives up to her owner's demand for a "beast" on the water.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.
