OVERVIEW

The 2011 Jeanneau Sun Odyssey 409 presents a refined performance-cruising platform at 12.34 m overall length, with a 3.99 m beam and a 2.10 m draft, artfully balancing lively sailing performance with onboard refinement.

Constructed in sturdy GRP as a streamlined monohull, she is equally at home on extended passages or pleasurable coastal exploration. Below deck the layout comprises three guest cabins plus a dedicated crew cabin, providing elegant sleeping arrangements for six guests. Poland-flagged and currently lying in Istanbul, Turkey, she is well positioned for Mediterranean cruising or longer bluewater plans. Propulsion comes from a dependable Yanmar 40 HP diesel showing approximately 1,500 hours, offering economical and trustworthy power when under engine. At the twin helm she is fitted with a comprehensive navigation suite — autopilot, GPS/chartplotter, VHF radio and wind speed and direction instruments — to support confident passage-making. Exceptionally well equipped and gracefully proportioned, this Sun Odyssey 409 delivers contemporary cruising comforts with the spirited demeanor of a true performance monohull.
