## OVERVIEW

---

The XR 41 epitomizes advanced naval design that translates into unrelenting speed and graceful motion, and Hull No. 8 is scheduled for delivery in August 2025. Core specifications are provided and broader option suites are available, while the yacht itself reads as a true racer-cruiser — a performance cruiser and regatta-ready monohull engineered for offshore passages and bluewater voyaging.

# SPECIFICATIONS

---

## Basic Information

---

**Category:**  
Sail yachts

**Year Built:**  
2025

**Sub category:**  
Racing Sailboat

**Country:**  
Denmark

**Model Year:**  
2025

## Dimensions

---

**LOA:**  
41' 0" (12.50 m)

**Beam:**  
13' 0" (3.96 m)

**Min Draft:**  
25' 8" (7.83 m)

**Max Draft:**  
25' 8" (7.83 m)

## Speed, Capacities and Weight

---

**Water Capacity:**  
54 Gallons

**Fuel Capacity:**  
30 Gallons

# DETAILED DESCRIPTION

---

## Details

---

XR 41 Hull No. 8 is available for August 2025 delivery, giving you the runway to tailor the boat precisely to your sailing program; core specifications are established and a broad options menu lets you equip the yacht for ORC or IRC regattas, offshore passages, or serene weekends aboard a racer cruiser sailing yacht monohull.

## Features

---

The XR 41 is outfitted for confident, enjoyable sailing with shore power and an inverter to keep systems online and a comprehensive electronics suite including depth sounder, radar, log speedometer, wind speed and direction instruments, a navigation center, autopilot, compass, GPS, VHF and AIS to support safe, precise navigation; inside, electric and manual bilge pumps, an oven, a marine head, hot water, a refrigerator and a battery charger provide comfort and reliability, while on deck wheel steering and electric winches simplify handling and a sail wardrobe—fully battened mainsail, genoa and an asymmetric spinnaker—delivers the performance balance required for sport cruising and regatta work on a racer cruiser sailing yacht monohull.

## Propulsion

---

A 2025 Yanmar inboard delivers 30 hp through a saildrive driving a two blade bronze propeller, a compact, dependable diesel installation that suits the XR 41's racer cruiser brief and keeps fuel burn low on a performance sailing yacht.

## Specifications

---

Dimensions are tuned for balance and speed with a length overall of 41 ft and a beam of 13 ft, proportions that promote quick handling and stable power on a performance monohull.

## Other details

---

All details are offered in good faith, yet information and vessel condition are not guaranteed; buyers should instruct their agents or surveyors to verify any particulars they consider important, and the vessel is offered subject to prior sale, price change or withdrawal without notice.

## Design and details

---

The new XR project is early in development with a clear objective: build a winner. X Yachts' in-house team is collaborating with seasoned specialists and top racers to create a boat with genuine podium potential at major championships and regattas under ORC and potentially IRC, building on a proven track record from models such as the Xp 44, X 41, IMX 38, IMX 40 and IMX 45 that have long been racecourse leaders while retaining a measured strand of cruising DNA for the sporty family; the XR 41 hull shows shallow volume with little rocker and evenly distributed volume along the length, marked overhangs especially forward, and a fairly V-shaped stern that lets the centerline just kiss the surface, and for a 12 m boat the beam is generous at 4.18 m paired with a moderate 2.4 m draft that suits racing in almost any waters. Unlike raw one-off racers that date quickly, the XR 41 is intended to win for many seasons and to serve as a spirited family platform for decades in line with X Yachts' commitment to longevity, and to support dual purpose use parts of the interior are modular—sections of the galley and lockers in the aft

and forward cabins can be removed for race mode and reinstalled for cruising—while the deck plan is optimised for a full crew yet remains friendly for shorthanded and singlehanded sailing. There is deliberately no one design class here: the focus is on rating performance and staying adaptable as rules evolve, with the hull form fixed but keel, sail plan, rig, rudder, displacement and other elements tunable and sensible tolerances retained in measurements so the design remains on the right side of the rule over time; the result is an offshore ready racer cruiser sailing yacht monohull shaped for ORC and IRC competition and fast, efficient passages.

## Two versions

---

The XR 41 will be offered in two versions: Race and Sport. The Race version carries a square top mainsail and a split backstay for maximum power and control, while the Sport version opts for a slightly smaller sail plan with a pinhead main and a single backstay for simpler handling; keel drafts are available in different options with 2.40 m standard, and the downwind setup is focused on asymmetric sails flown from a relatively long bowsprit. The Sport interior preserves X Yachts quality and clean lines, favouring sailors who do not need seven people on the rail to make the boat fly yet still want lively performance with easy manners—ideal for weekend cruising, family holidays and casual racing—with a handcrafted finish, a well appointed galley, bathroom, lockers, cushions and premium X Yachts furniture plus optional heating, hot water, an anchor system and even an air fryer, and a wireless remote anchor system adds push button convenience. The Race interior follows the same philosophy of durability and versatility that guides all X Yachts: the XR 41 is built to excel in competition with key elements—keel, sail plan, rigging, rudder, displacement and more—tunable for performance within sensible margins to remain compliant as rules evolve; modular interior components allow quick conversion between race and cruise modes and the

deck layout works brilliantly with a full crew yet remains friendly for shorthanded and singlehanded sailing, making racer cruiser thinking practical for ORC and IRC competition and sport cruising alike.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
