## OVERVIEW

---

Shorn Lamb is an exquisite Island Packet 38, cherished by its sole owner. This yacht has been lovingly maintained and thoughtfully upgraded. While the exceptional craftsmanship of Island Packet is widely recognized, Shorn Lamb offers an added level of strength and endurance. The skilled team at Bergen Marine Services in Rock Hall, MD, has applied a vinyl ester coating below the waterline, ensuring enhanced protection.

That's just the beginning—this yacht for sale includes newly installed water and fuel tanks, engine mounts, a refrigerator, and a stove. There's even more to uncover! Delve into the rest of this yacht sale listing for additional information. Shorn Lamb is ready for her next adventure and is eager for new travel plans. If you're in the market to buy a yacht, explore yacht sales in the current boat location and consider this remarkable vessel.

# DETAILED DESCRIPTION

---

## Section name

---

The Island Packet 38 is an extraordinary yacht that perfectly captures the celebrated Island Packet design philosophy, artfully merging a modern full keel hull with classic aesthetics. This distinctive full keel design marries contemporary performance with a foil-shaped full keel, delivering an unparalleled sailing experience. The expansive cockpit is meticulously crafted with contoured seating, a cozy helmsman's chair, and rack and pinion steering, ensuring a delightful time on the water.

Inside, the yacht boasts a tri-cabin layout with both forward and aft staterooms, each featuring adjoining heads. The central salon is spacious and welcoming, offering comfortable seating and a stowaway dining table that can seat up to seven guests. The forward stateroom is notably generous, providing ample storage and an upgraded comfortable foam mattress. The galley is a chef's paradise, with a large wraparound u-shaped design that remains unobtrusive to companionway traffic. It is outfitted with abundant storage and preparation areas, ideal for the most discerning gourmet chef.

Access to the engine is superb, with removable panels on both sides and behind the companionway ladder. The yacht is well-ventilated, with screens for all six hatches, twelve opening portholes, and the companionway. The construction quality, materials, and finish of the Island Packet 38 are of the highest caliber, further enhanced by additional measures taken by the owner, making this yacht truly exceptional.

The hull below the waterline is coated in vinyl ester by Don Bergen Marine Services of Rock Hall, MD, in 2010, ensuring a robust and impermeable hull. A large custom swim platform with a ladder at the stern, a new charcoal BBQ with deck mount, and an Ideal Windlass with a new motor installed in 2020 are

among the standout features. The yacht is fitted with a new Rocna Vulcan 25 kg anchor with 50 feet of chain and 160 feet of nylon line. The deck and cabin top are expansive and unobstructed, with secure features such as raised bulwarks, excellent nonskid, and full-length cabin top handrails. Welded double bow and stern rails with double lifelines enhance safety, while the roomy cockpit provides comfortable seating and ample storage.

For electronics, navigation, audio, and entertainment, the yacht is equipped with a Raymarine ST6002 Autopilot, Garmin 7405 Chartplotter, Garmin Radar with AIS (receive only), a radar reflector, Raymarine ST40 Depth, Wind, and Speed instruments, VHS, a Gemini compass, and a stereo with Sirius/XM.

The sail and rigging configuration includes a fully battened mainsail, a 130% Genoa, a storm trisail, and an asymmetrical spinnaker measuring 1,000 square feet. The cutter rig features double backstays, and tan sail covers for the main and cutter with luff tape on the roller furling Genoa. Additional features include two Lewmar winch handles (one is locking), a dodger, bimini, and connecting panel, a custom heavy canvas winter cover in two parts, lee clothes for forward and main salon berths, a bosun's chair, five waterproof cockpit cushions, and full boat length stainless steel jacklines, tethers, and safety harness.

The yacht's electrical, mechanical, and plumbing systems are robust, with one starter battery and three new storage/hybrid lead acid batteries, a high-capacity Krieger inverter, wall fans in three cabins, new engine motor mounts installed in 2021, a new 58-gallon stainless steel fuel tank and hoses, and two new polypropylene fresh water tanks with a Seagull IV filter. A large inventory of spare parts, lines, fenders, and manuals is also included.

In the galley, you'll find a new Force 10 three-burner stove with a broiler element, a new refrigerator with an ice maker, a stainless steel sink, and ample storage and preparation space, making it a well-equipped area for culinary endeavors.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
