OVERVIEW

Introduced in 2023 as part of Grand Soleil's celebrated Long Cruise series, Chewbacca 13m Long Cruise is a refined exemplar of bluewater sailing, offering graceful, assured passage across open seas. Commissioned and maintained to meet a succinct owner brief — genuine ocean crossing capability without any compromise to onboard luxury or individuality — she artfully combines long range performance with serene, comfortable living. Penned by Marco Lostuzzi in collaboration with Nauta Design and engineered alongside the team at Cantiere del Pardo, Chewbacca displays a purposeful silhouette, impeccable finishing and a quietly distinctive character.

DETAILED DESCRIPTION

Chewbacca

Delivered in 2023 as a member of Grand Soleil's Long Cruise collection, Chewbacca is the 13-metre expression of a yacht conceived for serious blue-water voyaging without compromising on onboard refinement or personality. Specified and tended to reflect an owner brief centred on long-range capability paired with comfort, she bears the signature of Marco Lostuzzi working alongside Nauta Design and the technical team at Cantiere del Pardo, resulting in a boat that is both pragmatic and quietly distinctive. The hull benefits from increased volume, lending notable steadiness and a reassuring motion at sea, while a thoughtfully proportioned and efficient sail plan offers rewarding performance under canvas — easy to manage yet lively and responsive, equally suited to experienced seafarers and those planning extended cruises. Below decks the focus is on liveability: generous glazing bathes the interior in natural light to amplify the sense of space, storage is positioned for real-world usefulness, circulation is arranged to function when the boat is underway, and the choice of finishes balances refined aesthetics with the durability required for prolonged time aboard. On deck she remains straightforward to handle without giving up generous areas for socialising and relaxation, making her as inviting at anchor as she is on passage, every detail considered for long-distance sailing. With the unmistakable blue-water genealogy of the Grand Soleil 42 Long Cruise, Chewbacca is aimed at sailors who value autonomy, efficiency and enduring comfort, whether pursuing coastal exploration or ocean crossings, delivering a sailing experience defined by capability, elegance and freedom.
