OVERVIEW

2016 Asia Catamarans Stealth 13C | Allegro

Allegro is a meticulously cared-for Stealth 13C owner's edition, a swift sailing catamaran crafted for speed, luxury, and top-notch performance. Constructed by Asia Catamarans in Phuket, this nimble cruiser excels in sailing prowess, often gliding under sail when other multihulls switch to engine power.

Fitted with a Main, Jib, and two Asymmetric Spinnakers, Allegro is perfectly suited for Asia's gentle breezes. Its design prioritizes tropical comfort, featuring an open and breezy saloon that enhances onboard living. When humidity rises, the expansive bow-facing saloon windows can be lowered, and a triple aft door system opens up, inviting cool breezes to circulate through the saloon and galley. For added comfort, a 16,000 BTU air-conditioning system ensures a refreshing interior climate whenever desired.

Onboard Allegro, accommodations include three cabins, a single berth at the forward port side, and three double berths. The saloon boasts a convertible drop-down table with a foam mattress, transforming into a day bed. The interior offers a generous headroom of approximately 1.95m or 6.39ft.

With recently updated engines and navigation systems, Allegro is ready for her next journey. While minor cosmetic touch-ups could be considered, her overall condition is robust.

The current owner, having sailed extensively across the Southeast Asian islands and participated in regional regattas, is now stepping away from sailing, presenting a unique chance to acquire this vessel. Stealth catamarans are in high demand, so seize this opportunity swiftly.

Presently located in Krabi, Thailand, with potential viewings in Phuket, Allegro offers a rare chance to purchase a high-performance Stealth catamaran.
