OVERVIEW

Owners who wish to continue generating income can remain in our charter program without interruption: the sailing catamaran stays under the professional stewardship of Yachting 2000 Croatia, with the additional possibility of a supervised marina berth available for rent.

Conceived as a luxury flybridge catamaran for true bluewater cruising and exploration of the Adriatic, she marries poised performance with easy handling. A conventional mainsail works in concert with a roller genoa and a Code Zero for superior light-air capability; two powered work winches and an electric windlass make sail and anchor work effortless. The helms benefit from dual chartplotters, including a dedicated flybridge unit, supported by radar, GPS, depth sounder and compass, while a VHF radio with DSC assures clear, reliable communication. The flybridge, fitted with a bimini and a sprayhood, offers protected visibility and a refined command center aloft.

Comfort and autonomy are woven into every voyage: an 11 kVA generator and full air-conditioning provide quiet, cool evenings, and a watermaker supplies fresh water for extended passages. The interior is appointed for ease and luxury with electric heads and premium bed linens, and the fully equipped galley includes an espresso machine; entertainment comes via a stereo with CD/MP3. Cold storage is abundant with twin refrigerators in the saloon plus an additional cockpit fridge.

Outdoor living is equally considered, with deck showers, swim ladders and a tender for seamless shore transfers, while complete safety equipment gives peace of mind. Ideal for either crewed or bareboat escapes, this multihull unites elegance, reliability and modern navigation in perfect balance.

SPECIFICATIONS

Basic Information

Category:
Sail yachts

Year Built:
2021
