OVERVIEW

Bali 4.6 (2022) — Sardinia

Lightly used and privately owned, this 2022 Bali 4.6 presents a tasteful long range cruising specification and the increasingly sought 5 cabin layout, all carried under the Italian flag with VAT unpaid. Laid ashore in Sardinia for easy inspection and survey access ahead of relaunch, she offers the calm assurance of a yacht that has been sailed for pleasure and never operated in charter — an elegant multihull conceived for refined family voyaging.

Accommodation flows with generosity: four double suites each enjoy en suite facilities with separate shower stalls, complemented by a fifth cabin arranged as a twin bunk that suits children or mixed crews. A forward starboard locker is fitted out as a skipper's/crew cabin with a berth and separate toilet and shower, and air conditioning extends throughout the sleeping cabins for comfortable tropical or Mediterranean passages. Practical comforts include an Indesit dishwasher, an Aqua Base watermaker and a Kohler 12 kW generator (approximately 1,039 hours), while domestic refrigeration is catered by an American style fridge/freezer with ice maker, and cooking by an oven and hob. Deck life and systems are equally considered: the yacht carries a 3.20 m tender with a 15 hp Honda outboard, an aft barbecue and davits. Teak has been fitted in key exterior zones with cockpit cushions, sunpads and a generous forward lounge area enhancing the social spaces, and a Lofrans 1,200 W windlass with remote feeds a Delta 25 kg main anchor with a Bruce 20 kg spare and 50 m of 10 mm chain. Navigation and control are modern and coherent: Raymarine Axiom displays (7" on the saloon helm and 12" on the flybridge), Raymarine RAY63 VHF, twin Raymarine i70 instruments and a Smart Controller autopilot provide confident systems integration.

Designed by Lasta Design Studio, the Bali's exterior and interior emphasize volume, light and Bali's trademark open plan with a rigid foredeck that creates

a unique sociable fore cockpit. The flybridge adds another dimension of comfort and exceptional deck flow, making her a capable bluewater cruiser and a luxurious alternative to the Lagoon 46, Leopard 45, Nautitech 46 and Fountaine Pajot Elba 45.

Principal data are straightforward and reassuring: length overall 44.88 ft, beam 25.13 ft and a maximum draft of approximately 4.17 ft. Twin Yanmar 4JH57 engines of 57 hp each show 1,366 and 1,363 hours respectively; fuel capacity is about 800 L and fresh water capacity about 800 L. Antifouling is included and she will remain ashore in Sardinia until spring 2026, ready for pre-purchase surveys without the need for additional lifting.

Visiting "DREAMER" is convenient:

Cagliari Airport (CAG) — approximately 1 h 45 min by car

Olbia Airport (OLB) — roughly 2 h via the coastal road

Both airports have frequent connections to major European hubs. Viewings are warmly encouraged; live video tours, full photo sets and videos can be arranged on request.

Keywords: sailing catamaran, cruising catamaran, multihull, luxury yacht, flybridge catamaran, bluewater cruiser, Mediterranean cruiser, private yacht.
