## OVERVIEW

---

The sophistication of high-end sailing

X-Yachts presents the revamped X4<sup>9</sup>, boasting numerous enhancements—an updated hull design, a new rudder, reduced weight, and increased cabin luxury—all contributing to superior performance.

Since the X4<sup>9</sup> MkI's debut in 2018, the Pure X series has significantly impacted the international yacht market. As the third model in this innovative range, the X4<sup>9</sup> has seen over 50 units sold worldwide.

Thomas Mielec, Director of X-Yachts Design & Engineering, shares insights:

"Our current development can be seen as a more compact version of the X5<sup>6</sup>. The X4<sup>9</sup> MkII is a natural progression, integrating insights and aesthetics from the X5<sup>6</sup> and the newly updated X4<sup>3</sup> MkII, the latest in the Pure X lineup. We've pushed the design further, continuously striving for evolution and enhancement, particularly in the styling of the cabin side portlights."
