OVERVIEW

Hanse 540e “Julietta” — Available

The Hanse 540e Julietta, built in 2009 and stretching 16.08 m (52.7 ft), flies the Swedish flag and is berthed at Lustica Bay Marina, Montenegro, with the berth secured and paid through July 2026; the sale includes the €10,480/yr berth value. VAT has not been paid. She is a tastefully appointed bluewater performance cruiser, designed to carry you swiftly and comfortably across oceans while offering the refinement and practical comforts expected of a long-distance liveaboard.

A proven ocean voyager with a completed circumnavigation, Julietta was acquired in 2022 and has benefitted from more than €40,000 of targeted upgrades and professional servicing, much of it carried out at Finike Marina, Turkey. Her character is one of elegant pace and solid reliability—equally at home as a Mediterranean cruiser, offshore passage-maker, or a comfortable liveaboard monohull.

Since 2022 she has received comprehensive mechanical and deck work: the original Yanmar engine was given a full service by an authorized Yanmar agent; rudder bearings have been renewed and a new prop shaft fitted, accompanied by a folding propeller; the bow thruster has been overhauled. The rig has been professionally tuned and running rigging replaced where necessary.

Comfortable cockpit ergonomics were enhanced with a new bimini, sprayhood and shade panels, plus custom cockpit cushions and a sun pad. Ground tackle has been refreshed with a new 35 kg primary anchor and 50 m of stainless-steel chain; new fenders and a new refrigeration unit were fitted, and both a generator and a watermaker were installed after purchase. The sail wardrobe comprises a serviceable mainsail, a genoa in good condition, and the addition of a gennaker and a storm jib. A tender with outboard is included and is in fair condition.

Practical notes: the original Yanmar engine is estimated at approximately 2,000–2,300 hours; the hour meter is currently inoperative. Navigation is via a Simrad suite that is partly dated—the upper display is inoperative while AIS and autopilot remain fully functional; a full electronics refit, including AIS and autopilot, has been quoted at around €10,000. There have been no insurance claims under current ownership; a previous owner experienced a mast loss in 2013 without hull damage. Julietta is registered under the Swedish flag and the seller will consider cryptocurrency.

Accommodation is generous: three guest cabins including a spacious forward master suite, plus a separate forepeak skipper's cabin equipped with a toilet, sink and a new mattress. Air conditioning has been renewed with new units in the master and saloon, and aft units have been serviced and repaired. Photos, video tours and layout drawings are available on request.

Keywords: sailing yacht, performance cruiser, bluewater cruiser, offshore cruising yacht, monohull sailboat, ocean-going cruiser, liveaboard cruiser, Mediterranean berth, cruiser-racer, luxury cruising sailboat.
