OVERVIEW

Innovative craftsmanship, modern aesthetics, exceptional sailing capabilities, outstanding construction quality, and opulent living spaces define the Southerly 57RS. Crafted by Ed Dubois and the talented Southerly Yachts design team, this yacht is a sophisticated and secure world cruiser that can be effortlessly managed by a crew of two. This impressive vessel excels in challenging conditions and fully utilizes the versatile Southerly variable draft swing keel. The Southerly 57RS offers the advantage of a deep draft (10' 6") for robust sailing performance and precise handling, alongside a shallow draft (3' 6") that allows for the exploration of remote coastlines and serene inland waterways.

Equipped with twin steering wheels, dual rudders, a sturdy cast iron grounding plate, a variable draft swing keel, a Seldon carbon fiber mast with rod rigging, an electric mainsail furling system via FurlerBoom, two headsails with electric furling, a retractable bowsprit, and electric winches in the cockpit, this yacht is designed for both performance and ease of use.

The stunning interior showcases premium teak craftsmanship and an abundance of natural light. It features three well-appointed cabins, two heads, an elevated salon, a raised navigation area, a fully equipped galley, and a cozy breakfast nook.

Recent upgrades include a new 150 HP Yanmar engine and a comprehensive bottom refurbishment, which involved soda blasting the hull, grounding plate, and keel, re-caulking the grounding plate, and applying Coppercoat antifouling paint.

Soul Kitchen was meticulously constructed to the highest standards at Northshore Shipyard in Itchenor, West Sussex, England, making it a prime candidate in the yacht sales market. If you're looking to buy a yacht in the current boat location, this vessel stands out among yacht sales in the area.
