OVERVIEW

Year / Model: 2025 Sunreef 60 sailing catamaran. Location: Athens, Greece.

Fresh from delivery and now available for charter in Athens, Spice of Life is an almost-new Sunreef 60 that combines elegant style with practical bluewater capability. Measuring approximately 60 ft (18.3 m) overall, with a generous beam of 10.2 m that ensures exceptional stability, interior volume and seakeeping, and a shallow 1.6 m draft ideal for secluded bays and the shallow harbors of the Mediterranean, she presents an uncommon chance to acquire one of the most lightly used, refined multihulls on the market as her Owner prepares to move to a custom Sunreef.

The interior flows with a chic boho sensibility—soft neutrals and organic textures create a sunlit, breezy salon where the layout blurs the line between indoor and aft-deck living. The lounge opens smoothly to the cockpit, forming convivial zones for entertaining or quiet moments at anchor, while the aft galley is thoughtfully sited with separate access to ensure discreet, efficient service when needed.

Accommodation is luxurious yet practical: three cabins sleep up to six guests in refined comfort. A full-beam owner's suite occupies the port hull, running about two-thirds of the hull's length and featuring a walk-through wardrobe, a vanity and a private en suite. Two double guest cabins in the starboard hull each enjoy private en suites and sea views. The arrangement balances private owner and guest spaces with generous social areas for relaxed living aboard or charter service.

Twin Nanni 135 HP engines deliver smooth motoring performance, with a comfortable cruising speed around 8 knots and a top speed approaching 9 knots, making the Sunreef 60 both a capable passage-maker and a responsive charter platform. Generators, a water-maker and substantial fresh-water capacity allow extended periods off the grid, while a comprehensive inventory

of systems and equipment supports turnkey operation.

Onboard amenities align with superyacht expectations: a 4.6 m Highfield tender powered by a 90 HP outboard for beach runs and watersports, hydraulic swim platform, onboard Wi-Fi, salon smart TV, air conditioning, ice maker, purified drinking water system, salon stereo and satellite TV all contribute to guest comfort and convenience.

Recently launched and very lightly used, Spice of Life is offered fully equipped and ready to enjoy immediately, ideally positioned for private cruising or Mediterranean charter operations with attractive post-season availability.

Asking price: approx. €4.5 million (excl. VAT).
