## OVERVIEW

---

Freshly delivered in 2025 and now available for charters from Athens, Greece, Spice of Life is an almost-new Sunreef 60 sailing catamaran that marries sleek modernity with a relaxed boho sensibility. At approximately 60 ft (18.3 m) in length and with a generous 10.2 m beam, she offers an expansive, stable platform that invites both languid days at anchor and confident passages across open water. Her shallow 1.6 m draft makes secret coves and sun-drenched Mediterranean harbors equally accessible.

Thoughtfully styled interiors bathed in natural light evoke airy, organic living—soft neutral palettes, tactile finishes, and a seamless connection between salon and cockpit that encourages effortless indoor-outdoor flow. The sunlit lounge spills toward the cockpit, creating convivial gathering places for entertaining as well as quiet corners for reading or watching the horizon.

Accommodations are arranged in a refined three-cabin layout that sleeps up to six guests in comfort. The full-beam owner's suite occupies the port hull for roughly two-thirds of its length and is appointed with a walk-through wardrobe, a dedicated vanity, and a private en suite. Opposite, two double guest cabins fill the starboard hull, each offering en suite facilities and sea views. The aft galley is thoughtfully positioned with separate access for discreet service, enhancing both privacy and functionality.

Under sail and power she is equally capable — twin Nanni 135 HP engines deliver a smooth cruising speed around 8 knots, with a top speed approaching 9 knots, making Spice of Life a capable bluewater cruiser and a dependable charter platform. Onboard systems include generators, a water-maker, and substantial fresh-water capacity to support extended periods off the grid.

Her inventory of equipment and creature comforts reads like a boutique superyacht: a 4.6 m Highfield tender with a 90 HP outboard for beach runs and water sports, a hydraulic swim platform for effortless water access, onboard

Wi-Fi, a salon smart TV, satellite TV, salon stereo, air conditioning, an ice maker, and a purified drinking water system. These amenities, combined with the practical gear, ensure every guest experiences modern convenience afloat. Recently launched, very lightly used, and currently based in Athens, Spice of Life is offered fully equipped and turnkey—ready for private exploration or immediate Mediterranean charter operations. With the current owner commissioning a custom Sunreef, this presents a rare chance to acquire one of the most elegant and scarcely used multihulls on the market.

Asking price: approx. €4.5 million (excl. VAT).
