## OVERVIEW

---

The 2013 Sunreef 60 Loft sailing catamaran arrives freshly renewed, the beneficiary of a thorough 2023 refit and repowered with twin 190 hp Yanmar engines, now berthed in Greece and ready to depart. Privately owned by the same meticulous yachtsman for the past decade, this luxury multihull shows impeccable mechanical and cosmetic condition, the product of sustained care and thoughtful upgrades throughout its ownership.

Born of the celebrated Sunreef shipyard, the 60 Loft stands as a reference for performance cruising catamarans, marrying true bluewater capability with refined onboard comfort. Its signature loft-style saloon, enveloped in sweeping panoramic glazing, bathes the interior in light and forges a graceful continuity between the elegant living areas and the generous cockpit—ideal for relaxed entertaining, indoor-outdoor dining, and long days at anchor. Expansive deck spaces and well-appointed lounging zones both forward and aft extend the living environment, while the broad beam delivers the stability and volume expected of a genuine liveaboard sailing yacht.

Under sail the yacht exhibits the poised handling and composure characteristic of a premium multihull, and the newly installed Yanmar powerplants markedly enhance reliability, range, and maneuverability under power. Efficient hull lines and robust onboard systems inspire confidence for long-distance passages, making this vessel equally suited to private bluewater adventures or as a sought-after luxury charter platform. The result is a rare synthesis of elegance, practicality, and performance within the 60-foot catamaran category.

With the 2023 refit complete, the new engines commissioned, and a decade of attentive ownership that attests to careful stewardship, this Sunreef 60 Loft presents as a turnkey, ocean-going sailing catamaran in outstanding condition—perfect for family cruising, premium crewed charter, or sophisticated coastal escapes. Inspections are available by appointment in

Greece.
