OVERVIEW

Conceived by Nigel Irens and launched in 2012, the Gunboat 60 DEFIANCE stands as a top-tier cruising catamaran marrying luxurious comfort with genuine performance multihull pedigree. The yacht benefits from bespoke transom extensions and a modernized hybrid propulsion suite, and after multi million dollar enhancements carried out during comprehensive refits in 2021 and again in 2025/2026 she is offered as a meticulously maintained sailing yacht in immaculate, turnkey condition.

DETAILED DESCRIPTION

Introduction

Conceived by the acclaimed British multihull designer Nigel Irens, the third-generation Gunboat line built at the yard now known as HH Catamarans between 2012 and 2018 has long been recognized for its peerless performance, meticulous build quality, durability and striking aesthetic. DEFIANCE stands out as arguably the most comprehensively updated and refined GB60 configured for cruising, appointed with bespoke transom extensions, a modernized hybrid-propulsion system and systems and ergonomics engineered for intuitive operation. Having had only two owners, she has benefited from the sustained oversight of her current captain and manager, who has been engaged with the program for approximately eight years. In recent seasons she has received upgrades totaling millions of dollars, most notably a refit in 2021 followed by an extensive yard period in '25/'26. Offered for sale in pristine condition, DEFIANCE is prepared to embark with her next owner.

Recent and notable upgrades and updates

From 2018 through 2026 the yacht has benefitted from a carefully managed program of upgrades that enhance performance, reliability and onboard comfort. In 2018 the standing rigging and rig hardware were renewed and the vessel received new OYS sail drives. The interior received tasteful attention in 2020–2021 with refreshed joinery, new countertops and updated soft goods. In 2021 the mast and boom were professionally painted, the motors were replaced, rudder bearings and steering components were renewed, and the electronic navigation suite was modernized. A full mast-down rig service and tune was carried out in 2025, during which shroud loops and strops were

renewed, the headstay replaced and running rigging updated; start and house batteries were also changed that year. Systems upgrades continued with the installation of two Spectra watermakers in 2025, a comprehensive replacement of all pumps across 2025–2026 and major electrical system overhauls completed in 2025–2026. Most recently, in 2026 the sail inventory was elevated with a new North Sails 3Di mainsail and a Solent jib, ensuring the yacht is equally prepared for spirited sailing and extended cruising.

Equipment list

This inventory is presented as a preliminary guide and will be refined in due course; should you require the comprehensive specification dossier or a complete equipment inventory in the meantime, please contact our team.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
