## OVERVIEW

---

Powered by a Volvo Penta D3 producing 110 HP and with just 180 engine hours, this bluewater sailing yacht marries refined style with true long-range assurance. Onboard power independence is secured by a Whisper Power 12 kW generator with around 100 hours of use, a 960 W solar array and a Mastervolt lithium battery suite, all harmonized through C-Zone automation that can be managed from tablet or phone. Manoeuvring in tight quarters is effortless thanks to a Sleipner 8 kW bow thruster and a Variprop folding propeller, while an Ultra Marine anchoring package and a Lewmar 24V 2000 W windlass amplify anchoring confidence and a Joker JF310S tender expands exploration options. Extended passages are supported by an HRO Seafari Mini 750 watermaker producing 117 L/hour, a 1200 L fuel reserve, a 510 L fresh-water tank and an automatic black and grey water system. Comfort is assured with a Dometic chilled-water air-conditioning system and a robust 15 kW heating setup. Dual helm stations, interior and exterior, give versatile command, and the calm interior presents an en-suite master cabin, a welcoming guest cabin, a convertible saloon and a fully equipped galley with washing machine, dishwasher, oven and microwave. A HERO International 8-person life raft completes this exquisite liveaboard and premium sailing yacht tailored for discerning passagemakers.
