OVERVIEW

Engineered for the planet. Designed for life beneath sail.

S/Y Savoir Faire is more than a vessel—she is a purpose-built explorer sailing yacht, conceived to cross the world's oceans with assurance and grace. Her hull is fashioned from aluminium and her superstructure constructed of advanced composites, reflecting decades of MCP Yachts' mastery in expedition-capable design. For owners seeking a steadfast platform for long-range cruising and blue-water passages, Savoir Faire marries the resilience of a traditional ocean going cruiser with the refinement of contemporary luxury, a sailing superyacht and explorer yacht for those who voyage farther, linger longer, and cherish the journey.

DETAILED DESCRIPTION

S/Y Savoir Faire – global explorer sailing yacht for sale

S/Y Savoir Faire is a 2025-built Global Exp 68 conceived as a true long range explorer sailing yacht for owners who prize autonomy, safety and the pleasure of extended ocean passages; constructed by an experienced shipyard in certified aluminium, she delivers a rare fusion of expedition grade robustness and contemporary onboard comfort, a yacht created not merely to sail but to go far and stay at sea. More than a sailing yacht, Savoir Faire is a purpose built platform for global exploration, her architecture reflecting decades of expedition expertise that blend traditional bluewater principles with modern construction methods and refined interior volumes. The aluminium hull in 5083 certified alloy confers strength, durability and long term reliability beyond conventional GRP construction, while the composite and aluminium superstructure optimises weight distribution without compromising comfort, and CE Ocean Class A certification confirms her suitability for unrestricted navigation and demanding offshore conditions. Every key feature is engineered with seamanship and autonomy in mind: the certified 5083 aluminium hull underpins offshore capability and longevity; a hydraulic swing keel opens up shallow anchorages while preserving deep keel stability at sea; a fully enclosed engine room with standing headroom—remarkable on a yacht of this size—elevates serviceability and safety; and a raised saloon with a protected pilothouse ensures clear sightlines, shelter and composure in all weather. Life on board the Global Exp 68 is organised around comfort, function and seakeeping, the raised saloon integrating a bright living area with a protected navigation station that allows watchkeeping without stepping away from the rhythm of daily life; accommodation is arranged for privacy and

autonomy with a full beam aft owner's suite offering generous storage, three additional en suite guest cabins ideal for family or voyaging parties, and a functional galley designed for safe use underway, while natural light, clean lines and a calm material palette create an interior atmosphere that is practical, welcoming and perfectly suited to long term cruising. Protection, autonomy and ease of operation are at the core of the deck plan, a large central cockpit sheltered by a rigid hardtop and doghouse providing excellent all weather protection while maximising usable deck space, and below deck dedicated technical and service areas support long range autonomy and efficient onboard operations; fuel capacity of up to 2,770 litres and fresh water capacity of 2,370 litres enable extended cruising without compromise, and all systems are arranged for easy access and straightforward maintenance. S/Y Savoir Faire represents a rare opportunity for serious cruisers seeking a modern explorer sailing yacht capable of crossing oceans in comfort and confidence; robust, thoughtfully engineered and ready for extended cruising, she stands as a compelling alternative to production sailing yachts for those who value reliability, independence and the journey itself.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
