## OVERVIEW

---

SIROCCO is a sophisticated, high-performance ketch designed for long-distance voyages. With a centerboard setup (7'-2" when raised, 14' when lowered), she can access harbors typically off-limits to vessels of her size. Boasting 1200 gallons of fuel and 1400 gallons of water, she offers an impressive cruising range, powered by a Caterpillar diesel engine that ensures a smooth 10-knot journey. This yacht for sale has undergone continuous enhancements, both in appearance and functionality, including fresh deck and hull paint in 2021, and a state-of-the-art Garmin touch-screen navigation system with HD radar and wind instruments. Positioned for yacht sales in the current boat location, she is primed for global exploration in luxury and speed. A serious opportunity for those looking to buy a yacht.
