## YELLOWFIN 42 Model Features

---

The YELLOWFIN 42 sits in the fishing and leisure boats category. It is a fast, single-deck model without a flybridge but with a hardtop for sun protection. The fiberglass hull gives durability and steady behavior on the water.

The YELLOWFIN 42 remains in production; the market is mainly strong used examples. It is from the Center Console series and stands out for a roomy cockpit, clear instrument layout, and high speed. The builder uses vacuum infusion to cut weight and improve performance.

Popular alternatives: YELLOWFIN 32 - more compact and agile, with less space; YELLOWFIN 34 Center Console - good for fishing, smaller; YELLOWFIN 36 - similar use, lower top speed; YELLOWFIN 39 - closer in specs, different layout; YELLOWFIN Center Console - versatile, no cabin.

The YELLOWFIN 42 leads them with a strong balance of size, speed, and comfort, ideal for long fishing days and family trips.
