SPECIFICATIONS

Overview

SEA RAYs 550 Sedan Bridge is built on a fully cored modified-V hull with a moderate beam. The key to the popularity of this boat is with her expansive indoor and outdoor accommodations. The three-stateroom floorplan is arranged with the galley forward in the salon and two full heads below. The salon is an impressive wide open living area with a cut-down galley counter, a long leather sofa, and big wraparound cabin windows. Topside, the party-style 20-foot-long flybridge is set up for serious entertaining with the helm aft and a comfortable bridge lounge forward. A good performer with twin 550-HP 6V92 diesels, the Sea Ray 550 Sedan Bridge will cruise around 21 knots with a top speed of 27 knots. This is great boat for both fishing and cruising. Hunter has had constant high quality maintenance and is ready to go

Basic Information
