## Overview

---

*The successful world wide presentation of the Azimut Benetti Group's new model, the Atlantis 54, took place in the renowned Cannes Boat Show in France. The second premiere happened in Malta during the Azimut Benetti Gala, and following in the Valletta Boat Show which all demonstrated the success this brand is having throughout the Mediterranean. The new Atlantis 54 is developed on the model 50's hull lines. The main differences being the increase in the cockpit space, now featuring over 10 squared metres of main deck all in a flush one level area, which adds an aft retractable high and low extended bathing platform for tender stowage. Inside accommodations of the new Atlantis 54 is a spacious affair, with three high volume cabins, well spaced heads, L-shaped saloon and a galley. The engine room is an innovation in itself with generous space and a well planned lay out. The new Atlantis 54 will capture the attention for those looking for the most spacious and natural lighted exterior, offering among the most spacious main deck for an open hard top of 16 metres in length. A truly beautifully crafted innovative vessel.*

**Model:** D12 800

**Engine Type:** Inboard

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

## Design and Construction

---

- Hull made by infusion, vinylester resin on outer layers
- V-shaped hull with variable shaped aft dead rise of 16°
- Isoneopentilglycol gel coat, including blue strip on the bottom
- ISS (Integrated Structural System) structural architecture

## Electrical System

---

- 12 V battery pack, 24 V circuit for engines
- 12 V battery pack, 24 V and 12 V circuit for services
- 12 V generator battery
- Battery disconnecter controls (on electrical panel) and parallel service/engine control (helm station)
- 60 A automatic battery charger and 12 A battery charger (for generator)
- 5 kW generator
- Differential electric breaker switch and individual cut-outs on all electrical devices
- Digital AC/DC voltage and DC current absorption control
- Shore input polarity check
- Galvanic current insulation system

## Engine Room

---

- Access via servo-assisted hatch
- Engines installed on vibration-damping elastic supports
- Heat and sound insulation
- Lighting and 220 V socket
- Full cathodic protection for fuel tanks, sea cocks; etc.
- Safety valves on sea-cocks
- Automatic/manual fire fighting system
- Owner's manual
- Guarantee case

## Fuel System

---

- AISI 316 stainless steel tanks, capacity 1950 litres, with manual gauge and communication system via
- shut-off valves

- Fuel piping in hoses approved by RINA
- Electric valves on power feed lines for immediate fuel blockage
- 2 diesel oil setting filters with water separator and bleed valve
- Fuel tanks breathers

---

## Water and Bilge System

---

- 600 l fresh water tank
- Automatic pressure pump with filter and shutoff valves on hot and cold water system for each room
- By-pass for direct shore intake connection

---

Furniture, doors and wall panelling in high grade wood with fabric panels and steel inserts

Carpeted floors

---

## Saloon

---

- Wengé wood stairway to below deck with courtesy and night lights
- Top grade wengé wood flooring
- Surround system: LCD television, DVD/CD/Hi Fi with 5 satellites and subwoofer

---

## Galley

---

- Tableware and cutlery for 6 people in storage compartment

---

## VIP Cabin

---

- Double bed with mattress, bedspread and pillows
- Fine fabric headboard
- Wardrobe, wall cabinet, drawer and nightstand
- Direct access to bathroom shared with living area
- AISI 316 stainless steel porthole with mosquito net
- Ceiling spotlight and night lights
- Reading lights
- 220 V socket
- Extinguisher

---

## Guest Cabin

---

- 2 single beds with mattress, bedspread and pillows
- Fine fabric headboard
- Wardrobe, pouffe with storage locker and night stand
- AISI 316 stainless steel porthole with mosquito net
- Ceiling spotlight and night lights
- Reading lights
- 220 V socket
- Extinguisher

---

## VIP Cabin/Living Area Bathroom

---

- Crystal glass top, ultra-clear crystal glass washbasin and mixer tap
- Wall cabinet with mirror
- Teak grating
- Vacuflush electrical head system with safety valves on waste outlet
- Circular shower cubicle in Plexiglas with height
- adjustable shower head
- Shower steam extractors
- Full set of bathroom accessories
- AISI 316 stainless steel porthole with mosquito net
- Ceiling spots
- Shaver socket
- Mirror
- Automatic fresh water drainage system

---

## Master Bathroom

---

- Crystal glass top, ultra-clear crystal glass washbasin and mixer tap
- Wall cabinet with mirror
- Teak grating
- Vacuflush electrical head system with safety valves on waste outlet
- Circular shower cubicle in Plexiglas with height adjustable shower head
- Shower steam extractors
- Full set of bathroom accessories
- AISI 316 stainless steel porthole with mosquito net
- Ceiling spots
