# SPECIFICATIONS

## Overview

**\*Please note that this listing represents a model specification for a new build and not an actual hull for sale. For more information on this model and build availability, please contact us\*\***

One of Horizon's most popular models and an award-winning yacht, the Horizon E88 was designed by John Lindblom as a contemporary style vessel that combines a performance-oriented hull with a sleek superstructure, while retaining the family resemblance of the E Series. The E88's voluminous 21' beam creates generous interior space and offers four en suite staterooms plus private crew quarters aft, and the flexible, multi-functional layout includes numerous thoughtful details, including a stand-alone island design for the main-deck galley and an uninterrupted transition between the salon and galley areas on the main deck.

Available in Open Bridge or Skylounge versions, the E88 also features a variety of interior and exterior layout options - including an aft beach club and hydraulic hi/lo swim platform - for island-living luxury, providing its owners the ultimate comfortable cruising experience.
