SPECIFICATIONS

Overview

Designed by prominent Italian naval architect Tommaso Spadolini, the Horizon E70 retains the streamlined features of previous E Series yachts, including the touch of Italian styling. The extraordinary 19ft beam allows the E70 to boast three spacious staterooms featuring en-suite heads, each with an abundance of storage, as well as ample spaces for social entertainment that are hard to beat. The E70 also offers an enclosed sky lounge and tender garage versions in addition to the standard layout.

****Please note that this listing represents a new model specification and not an actual hull in build. Please contact us for more information.****
