### Vessel Walkthrough

---

You will find this 2005 PRO-LINE 31 EXPRESS and 2009 FIRST LOAD Aluminum Trailer to be in simply fantastic condition! This boat is loaded with 2010 GARMIN Electronics including 36 Mile HD Radar, Twin (2) 10.6" Flat Screen Non-Glare GARMIN 4210's, Auto Pilot, GPS, SMX Stereo System and more! This rare and well designed 31 EXPRESS model features recessed storage compartments throughout the entire vessel; comfortable ample seating for your guests; six (6) recessed pop-up cleats; Eight (8) Rod Holders; Ten (10) Rocket Launchers and Lee Outriggers with center teaser. Not only does the VacuFlush head system have a macerator, but the owner also installed a macerator in the bilge as well as the bait well. Another big upgrade is the 2010 extra thick Strato-Glass 3-Sided Enclosure so when the rains come, you don't have to go. Forward and down below, you will find an extremely comfortable V-Berth, JBL Stereo System with two (2) JBL Speakers, head/shower with privacy mirrored door and VacuFlush Head System. Forward of the berth is a compartment designed to store your favorite wine when it comes time to lower your windless anchor system and simply chill out. Directly outside of the cabin, is a 12 volt Kohler refrigerator, sink with cutting board and ample storage compartments. Having this galley area just outside the cabin is an awesome design because it leaves all that extra space for the sleeping / bathing cabin below deck. Once you have returned from your boating adventure, there is a full cockpit cover (see photos) and aft canvas and custom Sunbrella Engine Covers to help you keep this boat's showroom shine for many years to come.
