Brokers Comments This Hunter actually looks better than new ones I have seen at the boat shows! There is no way to accurately convey the effort and man hours spent on restoring this beautiful sailboat and you really need to schedule an appointment to see it for yourself. There are hundreds of items that have been replaced or, removed and it all goes with it as spares! Comments from Warren R. Luhrs describe this fine yacht best: "The conception was to design a fast sleek yacht that was comfortable, well thought out and appointed. From the experiences we gained from our successful 40', we put the program to work. Concentrating on a spacious boat designed to sleep two couples in privacy with a well thought out deck and cockpit arrangement. The result was most pleasing. From the ease she has in a seaway, to the balanced helm, to the sleek soft lines of her cabin and cockpit. She offers the style and grace of a larger yacht with the speed and performance of a custom built boat. I am pleased with every aspect of the Legend 45 and know you will be too once you've walked her decks and sailed her."
