Overview

(LOCATION: Pocasset MA) This Century Resorter represents another era in power boating. Sunday afternoons, skiing or wakeboarding behind a mahogany runabout create memories that carry on. The 1960s were a time of muscle cars & boats and the sound of a powerful inboard engine carried across the lakes and waterways. In today's world of white fiberglass sport boats a mahogany speedster still makes heads turn. Here's your chance to own a piece of Americana. This 17' Century Resorter has been partially restored, is fully operational, and is ready for whatever finishing touches her new owner wants to add. She is in excellent condition, has had some ribs replaced, has all her original parts and features her original upholstery. She is powered by a 440c.i. inboard engine with bronze shaft and propeller. A full mooring cover protects her when not in use and a trailer is included for transport and storage. If you appreciate the sight and sounds of a mahogany runabout on a sunny summer afternoon you will want to share them. Call now for more information on this 17' Century Resorter.
