SPECIFICATIONS

Overview

DNV 1 A1 ICE (C) Purpose built for Polar Exploration. She was equipped with an ice-strengthened hull for this purpose. The ship underwent a major refurbishment in 1986, when she was upgraded to Bergen diesel from Rolls-Royce Marine and 2 x Cummins Auxiliaries. In 2006 where she was converted into an intimate charter vessel. The stern has been altered to incorporate a landing platform, a small swimming pool and large outdoor dining area with BBQ facilities. The research laboratories have become a beautiful dining room with surround music. The upper deck has been refurbished into a luxurious TV room with large screen plasma and surround sound. This room adjoins a large sun room/lounge with leather lounges. Cabins have been refurbished to incorporate beautiful ensuites with very comfortable double beds. The master stateroom has a large ensuite, queen size bed and leather lounge area. Below deck is a spa room and massage room for the enjoyment of guests.
