SPECIFICATIONS

Overview

The Doctor is an immaculate example of the Viking 75 Sport Cruiser and has been very well maintained by her professional crew. The Viking 75 is based on the popular Princess 23m model and is manufactured to higher spec for the demanding US market by Princess Yachts in the UK. Improvements include up rated air conditioning, refrigeration, kitchen appliances and materials. The Doctor has been constantly upgraded and has been converted to a dual voltage electricity system to allow her to cruise in either Europe or the USA. Her interior is high gloss cherry wood throughout in the bathrooms.
