12. COMMENTS

The Mangusta 80 is as eye-catching as she is luxurious to embark on a voyage aboard, leaving no doubts as to why she has become one of the most popular cruisers in her class.

She is a lovely example of this sought after model, which is has been really well looked after.

Hakuna Matata II has only had two owners and has always been maintained with an open budget. The interiors and exteriors looks as if it was new. It has very low engine hours.

It's the perfect day boat as it rides at fast speeds that are uncomparable. All big engine room components have always been serviced by authorized dealers and everything works on board.

Hakuna Matata II is currently lying in Cabo San Lucas, Mexico.
