SPECIFICATIONS

Overview

While her exterior is faired and painted to perfection, her beauty is not only skin deep. The hand crafted Italian interior is a showcase of style and elegance. With a blend of minimalist features plus a play of natural wood veneers and stone accents, the "**PrimaDonna 127**" will continue to surprise and delight, both visually and to the touch.

Achieving physical beauty inside and out is never enough in a highly competitive world market. She must also have the myriad of operational systems enough to match a small city and each system must be accepted by her Class and Registry to comply with flawless operations, safety and sanitary standards. All of this must be achieved while arriving in the market at a very attractive price.

These points have all been achieved, which simply put, makes the **PrimaDonna 127** the best new yacht value in the world.

EASY TO SEE IN SOUTH FLORIDA! FULL BUILDER SPECS AVAILABLE ON REQUEST AS WELL AS DETAILED FUEL CONSUMPTION INFORMATION.

DETAILED INFORMATION

IAG YACHTS - INTRODUCTION

● THE NEXT GREAT YACHTING LEGACY BEGINS ●

IAG- *The International Audio Group, Ltd.*, internationally known for Integrity and Grace, is proud to present their state of the art facility and their new line of yachts named "**PrimaDonna 127.**" This new shipyard, located in Zhuhai, Guangdong Province, in Southern China, a place which is regarded as the most beautiful seafront of China, has been in development over the past 4 years and has capabilities for construction in fiberglass or metal from 100 to 200 feet is also investing in the construction of 100 and 127 foot fiberglass motoryachts on spec.

The "**PrimaDonna**" is already seen as an ultra high quality Superyacht that has been designed, engineered and managed by very experienced and skilled Italian Naval Architects and artisans who are sharing their talents and secrets with the best Chinese craftsmen in Southern China, not by remote communication but by moving full-time to China to hands-on manage every aspect of the Shipyard operations. This 127 foot fiberglass composite motoryacht demonstrates great style while also offering a very high volume 3 deck design with a generous 26.5' beam. At 220 tons and with a semi displacement hull form, she offers 17 knot speed. The zero speed stabilization will keep all guests aboard in comfort even at anchor.

The builders of this series have been selected by the owners of the shipyard for their vast commercial and pleasure yacht experience in construction. The projects completed by them in Italy are literally a "who's who" of famous and widely acclaimed masterpieces.

The "**PrimaDonna 127**" series is aptly named as the first tri deck yacht line from this shipyard. Hull # 1 was launched in 2010 and debuted at the 2011 Miami Boat Show. She was sold in May of 2011 and was then exhibited at the 2011 Fort Lauderdale Boat Show as an example of the quality that IAG Yachts is capable of delivering.

Hull # 2 is currently available for sale in South Florida. Hull #3 is under construction in China and is available for sale. With up to 6 staterooms for the owner and guests plus a crew accommodation for 8 with the captain on the bridge deck, the 127' series line will be a popular charter yacht design. Built to Rina Pleasure Class, these PrimaDonna series tri-deck motoryachts are a significant competitive offering from this shipyard.

While her exterior is faired and painted to perfection, her beauty is not only skin deep. The hand crafted Italian interior is a showcase of style and elegance. With a blend of minimalist features plus a play of natural wood veneers and stone accents, the "**PrimaDonna 127**" will continue to surprise and delight, both visually and to the touch.

Achieving physical beauty inside and out is never enough in a highly competitive world market. She must also have the myriad of operational systems enough to match a small city and each system must be accepted by her Class and Registry to comply with flawless operations, safety

and sanitary standards. All of this must be achieved while arriving in the market at a very attractive price.

These points have all been achieved, which simply put, makes the ***PrimaDonna 127*** the best new yacht value in the world.
