SPECIFICATIONS

Overview

As all models, the Cantieri Estensi 480 Goldstar S was carefully designed by Zuccheri Yacht Design and it is built with a criteria that allow to reach the safest requirements for the navigation, according to CE category A. This is the **sportiest** boat in the range and, like all models, offers a choice of outfitting. The lower deck accommodates the master cabin with en-suite bathroom and **two guests cabins**, one with double bed and the other with separate berths, with relative bathroom. Completing the outfitting is a **crew cabin**, although the space can be used as a **storeroom** or laundry room if preferred. The position of the galley on the lower deck leaves room for two generous entertainment spaces on the upper deck.
