DETAILED INFORMATION

Accommodations

The Cabo Rico 45 is the Ultimate Bluewater Boat, fully equipped and ready to take you on your next extended cruise. "At 45 feet she affords the cruising couple enough space for every amenity, a large and luxurious interior, a deck that is easily worked, and a hull design that makes each passage one of safety, comfort and speed" (From CABO RICO Yachts). This boat is loaded with everything you could possibly need. The interior joinery is built using plantation grown teak which is truly elegant and a signature of Cabo Rico Yachts

Wide and curved teak steps provide an easy and safe descent with handholds where you need them. The main salon features a gorgeous dining table and room for six. A sliding bench seat on one side of the table increases versatility and access. Once below, you begin to appreciate the interior of this Cabo Rico 45. It is truly beautiful due to the rich and warm finish on the teak veneer paneling, teak trim, doors and cabinets. The teak and holly sole feels solid underneath. There is an attractive vinyl headliner that naturally brightens the interior. There are handy storage compartments, cabinets and drawers wherever you look and need them. The forward master stateroom features a full queen custom made mattress and a private head with shower and sink. There is ample storage in a closet, and cabinets and drawers as well as under the berth. The aft stateroom features a double berth and private sink. Access to the head and shower is provided by a door off the main salon or the stateroom.

Hull and Deck

The deck of the Cabo Rico 45 is easy to move around on due to the wide side decks. Adequate handholds and lifelines help keep you safe. Natural ventilation for living spaces below is supplied by 4 large rotating dorade vents. These vents are protected by stainless steel guards that also double as hand holds. Hatches are equipped with solar powered exhaust fans. All fastenings are reinforced fiberglass and stainless steel.

Engine and Mechanical

The Yanmar diesel is a 4 cylinder turbo engine, Model No. 4JH2-HTE producing 75 horsepower at 3600 RPM. It is a fresh water cooled system. Engine rests on fiberglass pads. Equipped with dual RACOR primary and Yanmar secondary filters. Controls are Morse Cable. Hurth reduction gear.(HBW250) The shaft logs are bronze with flex and dripless type packing glands. The propeller is 21" in diameter, three bladed feathering. Sterntube struts and cutlass bearings. It is protected by the keel. Propeller shaft is 1 1/4" stainless steel. The rudder is keel supported fiberglass. There is an engine and transmission oil change system.

Manufacturer Provided Description

The Cabo Rico 45 may well prove to be the ultimate example of the offshore design genius of W.I.B. Crealock. Startlingly beautiful, from her delicate stern overhang through her curving sheer, to her arching clipper bow, she is the essence of the fine yacht and the allure of the sea. But the Cabo Rico 45 is also a modern sailing vessel in every sense of the word. She has been given an underbody design to reward you with safety, comfort, and speed, and she boasts the very latest in attached rudder design. Developed using sophisticated computer technology, her lines were then redrawn to achieve the refined performance enhancements that no one except a master naval architect like Bill Crealock can create. Belowdecks, you enter a spacious world of hand-crafted woods, elegant fabrics, and fine fixtures, all in an innovative, custom interior built to suit your needs in port or at sea. Construction techniques and yacht systems are all crafted to the very highest standards befitting the flagship of the Cabo Rico line of offshore cruising yachts. And she has been designed from the outset to carry all of the equipment and stores that modern cruisers wish to take with them. Capture the joy of a Cabo Rico at sea. The Cabo Rico 45, truly a yacht for the connoisseur - the yacht for you.

Exclusions

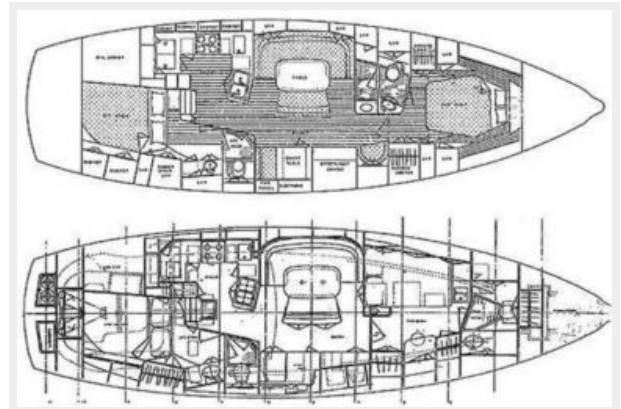

Owner's personal belongings.
